## Front/Side Panel

## TV Connection

Connect with the Sound Bar and TV using Optical or HDMI ARC.

- 1 Connect the sound bar to the TV using Optical or HDMI cable.
- 2 Set up [External Speaker (Optical)] or [External Speaker (HDMI ARC)] on your TV setting menu.

- HDMI connection is unavailable if your TV does not support HDMI ARC.
- If this unit is connected by OPTICAL and ARC at the same time, the ARC signal is a high priority.

## Additional Device Connection

- 1 Connect to the external device. It is recommended to connect as follows.

- 2 Set the input source by pressing F on the remote control or unit repeatedly.

## Speaker Connection

You can use speaker connection in the SOUND BAR or REAR usage mode only.

### Secondary unit connection

Place the Secondary unit near the Primary unit and follow steps below.

- 1 Connect the power cord of Secondary unit and Primary unit to the outlet.
- 2 Turn on the Primary unit by pressing ⏻. Turn on the Secondary unit by switching the Usage Mode Switch to REAR or SOUND BAR.

The Primary unit and Secondary unit will be **automatically** connected. The Secondary unit's white LED turns on.

### Secondary unit Connection Manually

If the Secondary unit does not make sound, try to connect manually.

- 1 Turn off the Primary unit.
- 2 Press **PAIRING** button on the rear of the Secondary unit. The white LED on the front of Secondary unit blinks.
- 3 Turn on the Primary unit.
- 4 Pairing is completed. The white LED on the front of Secondary unit turns on.

### Subwoofer connection

Place the wireless subwoofer near the speaker and follow steps below.

- 1 Connect the power cord of wireless subwoofer and sound bar to the outlet.
- 2 Turn on the Primary unit. : The sound bar and wireless subwoofer will be **automatically** connected. The subwoofer's green LED turns on.

### Subwoofer Connection Manually

If the subwoofer does not make sound, try to connect manually.

- 1 Press **Pairing** button on the rear of the wireless subwoofer. The green LED blinks quickly.
- 2 Turn on the Primary unit.
- 3 Pairing is completed. The green LED turns on.

## Positioning the Unit

### SOUND BAR usage mode

Primary unit and Secondary unit play as FRONT L/ R(Left/Right) speaker like a sound bar.

Turn on the Primary unit by pressing ⏻.

Turn on the Secondary unit by switching the Usage Mode Switch to SOUND BAR.

When disconnecting AC Adapter of Secondary unit, the audio output may be reduced.

### REAR usage mode

Primary unit plays as front speaker and Secondary unit plays as rear surround speaker.

Turn on the Primary unit by pressing ⏻.

Turn on the Secondary unit by switching the Usage Mode Switch to REAR.

When disconnecting AC Adapter of Secondary unit, the audio output may be reduced.

### PORTABLE usage mode

You can play Secondary unit without Primary unit.

**Primary unit and Secondary unit play separately with each connected device.**

Turn on the Secondary unit by switching the Usage Mode Switch to PORTABLE.

### BLUETOOTH Connection (Secondary unit)

Select LG SJ7-2ND (xx) from device list to pair your mobile device.

When successfully Paired, Bluetooth LED turns on white with beep sound.

### BLUETOOTH Connection (Primary unit)

- 1 Press F button to select the BT (Bluetooth) Function.
- 2 Select LG SJ7 (xx) from device list to pair your mobile device. When successfully Paired, "PAIRED" Your device's name "BT" appears in the display window in this order.

### OFF usage mode

Primary unit plays alone without Secondary unit

Turn on the Primary unit by pressing ⏻.

Turn on the Secondary unit by switching the Usage Mode Switch to OFF.
