Remote Control Key Functions

INPUT

If you press the button once, the input source OSD will appear on screen. Press the **▲ / ▼** button and then **OK** button to select the desired input source (**TV, AV1, AV2, Component1, Component2, RGB, HDMI/DVI**). Switches the set on from standby.

MENU

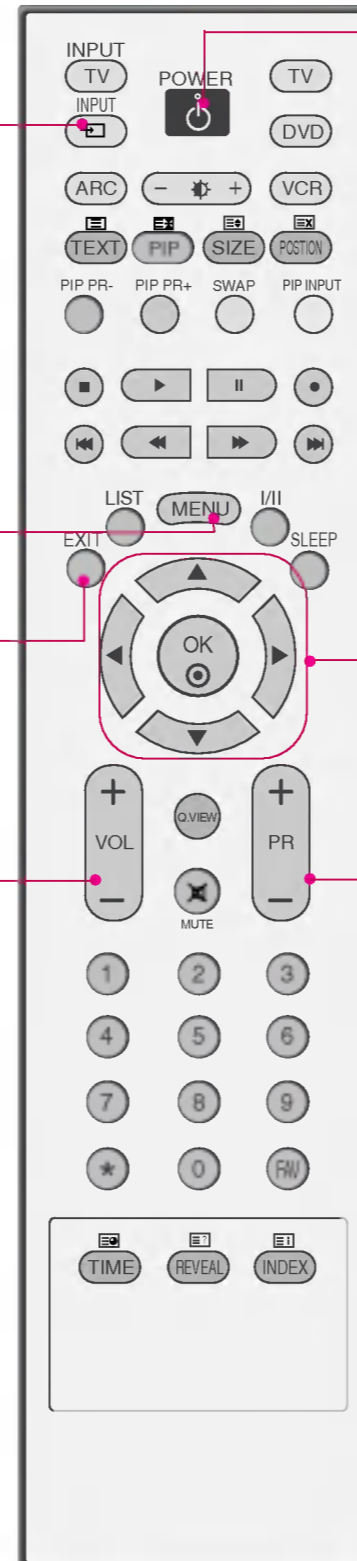

Selects a menu.

EXIT

Exits from the Menu screen.

VOL

Adjusts volume.

POWER

Switches the set on from standby or off to standby.

Arrow key

(Up/Down/Left/Right/OK)

Allows you to navigate the on-screen menus and adjust the system settings to your preference.

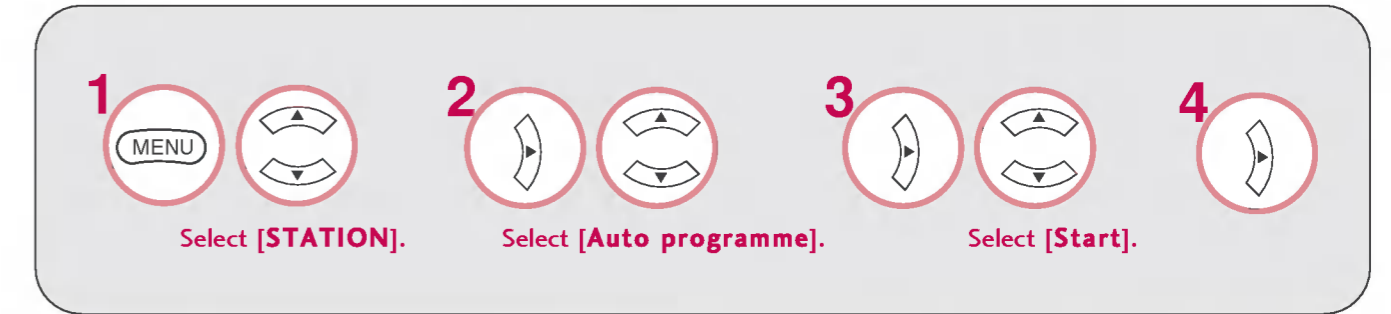

PR

Changes the channel.

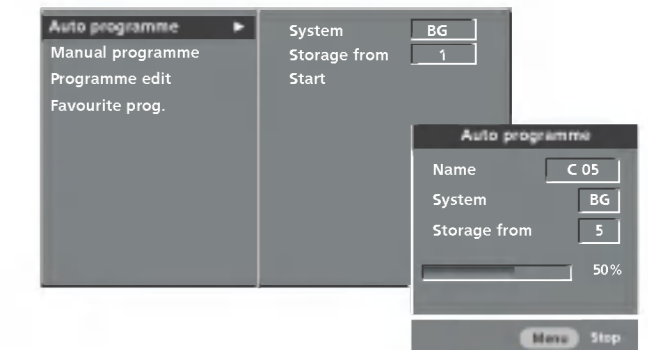

2 Auto programme tuning

Up to 100 TV stations can be stored by programme numbers (0 to 99). Once you have preset the stations, you will be able to use the **PR +/-** or **NUMBER** buttons to scan the stations you have programmed. Stations can be tuned using auto-automatic or manual modes.

All stations that can be received are stored by this method. It is recommended that you use auto programme during installation of this set.

4

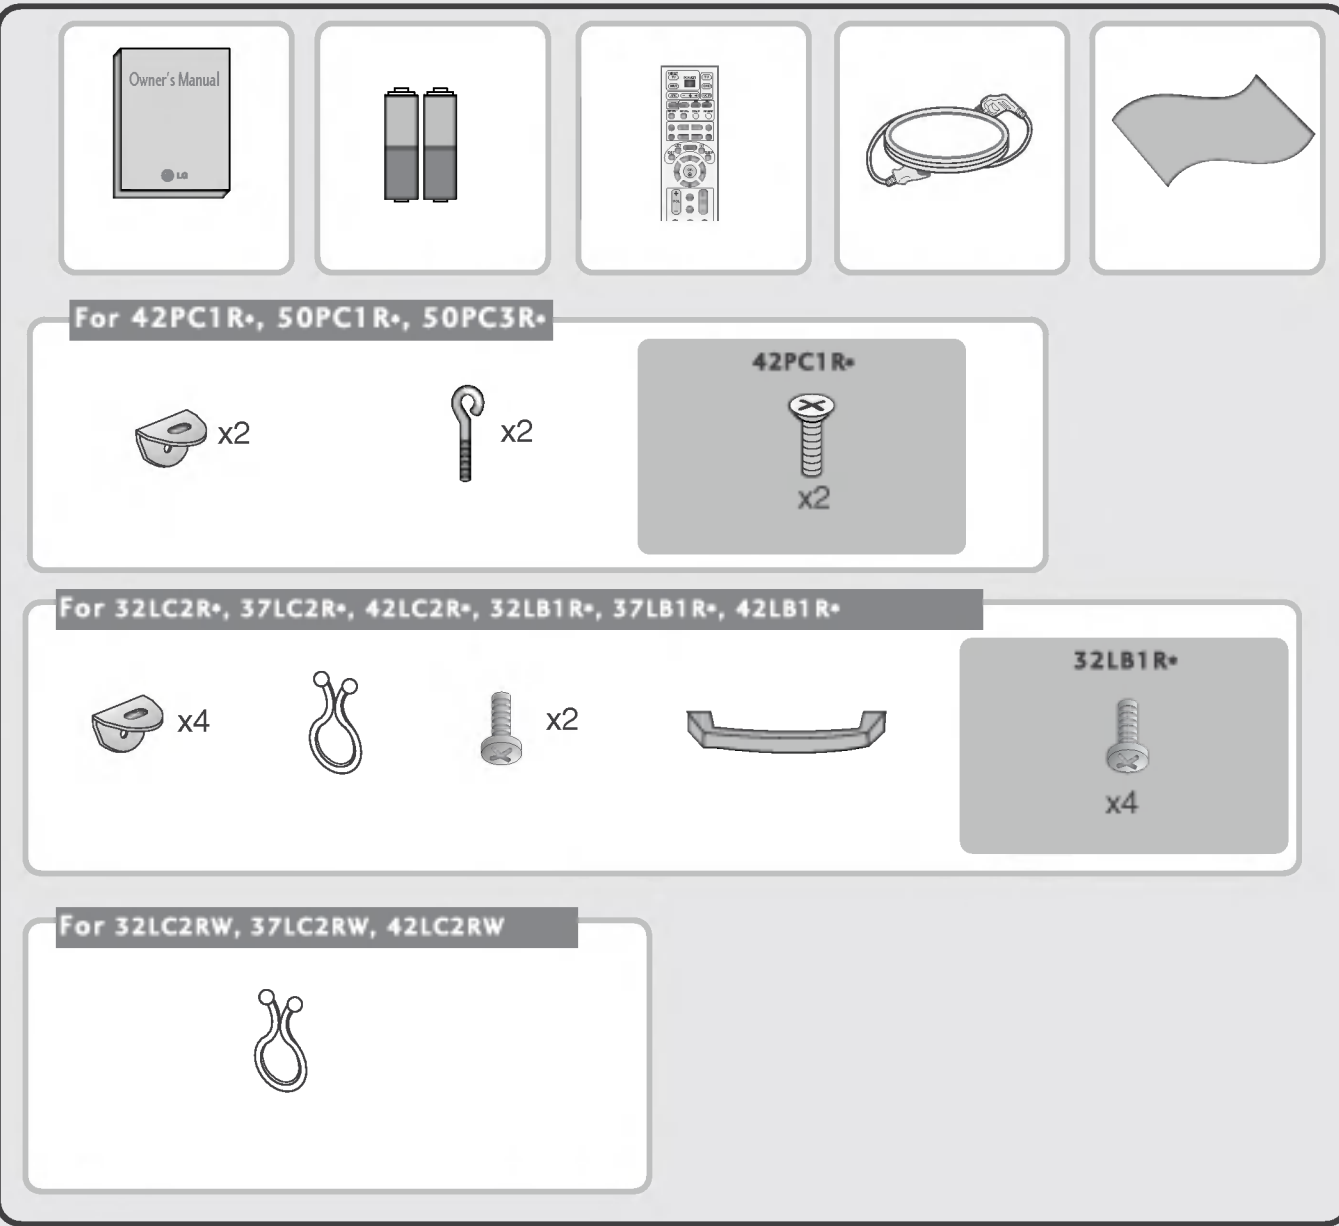

Exit from the Menu screen.

Welcome!

Activating and connecting a basic system usually takes less than half an hour.
See Owner's Manual for additional setup examples.

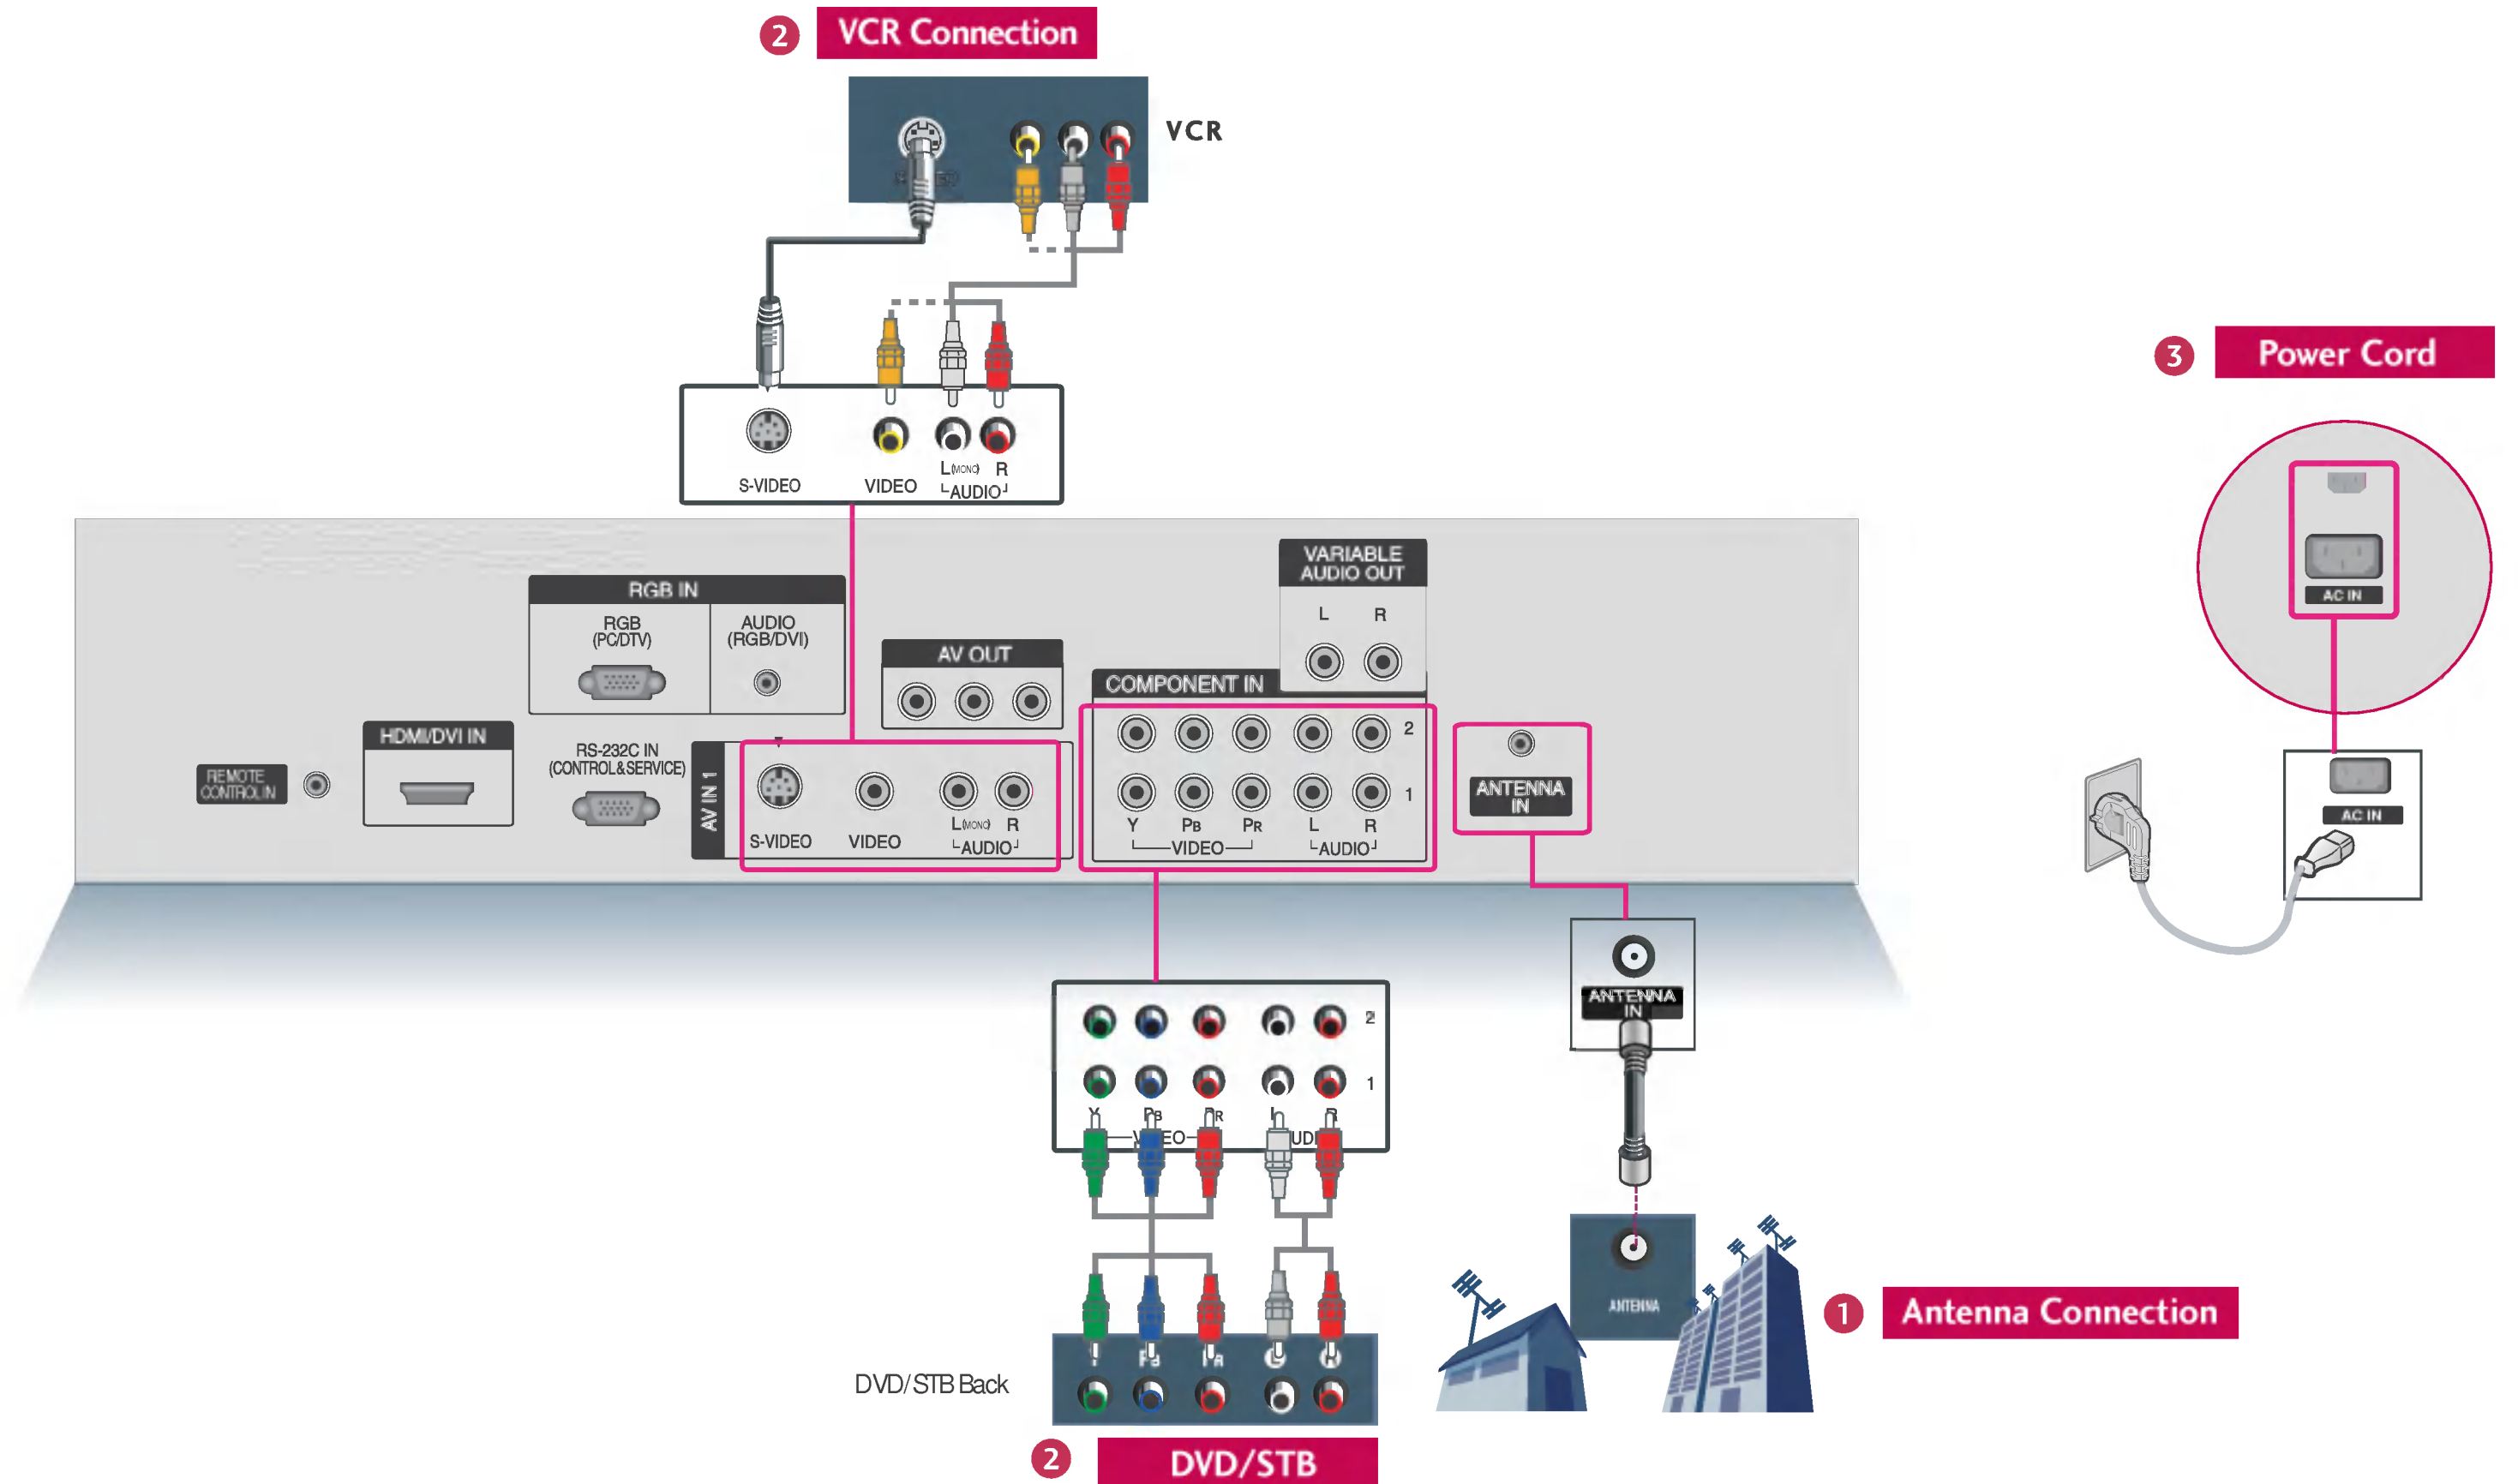

Included Accessories

Make sure you have received all the accessories below with your product.

1 Connecting your Unit

■ Here shown may be somewhat different from your TV.

* To connect an additional equipment, see the CONNECTION & SETUP section in Owner's Manual.
