OWNER'S MANUAL

MODEL: 32LB1R** 37LB1R**
42LB1R**

Please read Information Manual included together before reading this manual and operating your set.
Retain it for future reference.
Record model number and serial number of the set.
See the label attached on the back cover and quote
this information to your dealer when you require service.

Ensure that the following accessories are included with your TV. If any accessory is missing, please contact the dealer from where you purchased the product.

Owner's Manual

Power Cord

Remote Control / Batteries

Twister Holder

D-SUB cable (PC)

Audio cable (PC)

2-TV Bracket Bolts

2-TV Brackets
2-Wall Bracket

Cable Management

Polishing Cloth
Polish the screen
with the cloth.

Slightly wipe stained spot on the exterior only with the cleansing cloths for the product exterior if there is stain or fingerprint on surface of the exterior.

Do not wipe roughly when removing stain. Please be cautious of that excessive power may cause scratch or discoloration.

Introduction
Remote Control Key Functions
TV
Returns to TV viewing from any mode.

POWER
switches the set on from standby or off to standby.

INPUT

If you press the button once, the input source OSD will appear on screen as shown. Press the ▲ / ▼ button and then **OK** button to select the desired input source (**TV**, **AV1**, **AV2**, **AV3**, **S-Video**, **Component**, **RGB PC/RGB DTV**, or **HDMI PC/ HDMI DTV**).

MODE
Selects the remote operating modes. :TV, DVD, VCR, AUDIO, CABLE or STB

■ **PIP BUTTONS**
PIP (Refer to p.48)
Switches the sub picture PIP, DW, POP or off mode.
PIP PR - /+ (Refer to p.51)
Selects a programme for the sub picture.
SWAP (Refer to p.51)
Alternates between main and sub picture.
PIP INPUT (Refer to p.48)
Selects the input mode for the sub picture.
SIZE (Refer to p.49)
Adjusts the sub picture size.
POSITION (Refer to p.49)
Moves the sub picture to ▲ / ▼ or ◄ / ► direction.

★COLOURED BUTTONS : These buttons are used for teletext (only **TELETEXT** models) or **Programme edit**.
ZOOM - / ZOOM +
Enlarges or reduces the main picture size.

SLEEP
Sets the sleep timer. (Refer to p.39)

SSM (Sound Status Memory)
Recalls your preferred sound setting. (Refer to p.34)

PSM (Picture Status Memory)
Recalls your preferred picture setting. (Refer to p.31)

I/II
• Selects the sound output.

■TELETEXT BUTTONS
These buttons are used for teletext.
For further details, see the 'Teletext' section (Refer to p.52).

MENU
Selects a menu.

ARC
Selects your desired picture format (Refer to p.44).

EXIT
Clears all on-screen displays and returns to TV viewing from any menu.

▲ / ▼ / ◄ / ► (up / down / left / right)
Selects or adjusts an item in the menu.

OK
Accepts your selection or displays the current mode.

VOL (Volume) ▲ / ▼
Adjusts the volume.

MUTE
Switches the sound on or off.

LIST
Displays the programme table (Refer to p.30).

PR (Programme) ▲ / ▼
Selects a programme.

0-9 number buttons
• Selects a programme.
• Selects numbered items in a menu.

FAVOURITE
Displays the selected favourite programme (Refer to p.30).

Q.VIEW
Returns to the previously viewed programme.

VCR/DVD Control buttons
Controls a LG video cassette recorder or DVD.

Introduction
Remote Control Key Functions

Installing Batteries

1 Open the battery compartment cover on the back side.

2 Insert two 1.5V AA size batteries in correct polarity (+ with +, - with -). Don't mix old or used batteries with new ones.

3 Close the cover.

30° 30°
* Use a remote control 7 meter distance and 30 degree (left/right) within the receiving unit scope.

* Dispose of used batteries in the recycle bin to prevent environment.

Wall Mount: Horizontal installation
For proper ventilation, allow a clearance of 4" on each side and from the wall. Detailed installation instructions are available from your dealer, see the optional Tilt Wall Mounting Bracket Installation and Setup Guide.

Installation
Basic Connection

1 Connect the cables as necessary. After connecting the cables neatly, arrange the cables to the Cable Holder.

To connect an additional equipment, see the **External equipment Connections** section.

37 inch
32/37 inch   42 inch

2 Install the **CABLE MANAGEMENT** as shown.
32/37 inch   42 inch

3 Bundle the cables using the supplied twister holder.
32/37 inch   42 inch

How to remove the CABLE MANAGEMENT

Hold the **CABLE MANAGEMENT** with both hands and pull it backward.
Do not hold the **CABLE MANAGEMENT** when moving the product.
- If the product is dropped, you may be injured or the product may be broken.

Installation

How to join the product assembly to the wall to protect the set tumbling

- Set it up close to the wall so the product doesn't fall over when it is pushed backwards.
- The instructions shown below is a safer way to set up the product, which is to fix it on the wall so the product doesn't fall over when it is pulled in the forward direction. It will prevent the product from falling forward and hurting people. It will also prevent the product from damage caused by fall. Please make sure that children don't climb on or hang from the product.

32/37 inch
42 inch
1 Use the bracket and the bolt to fix the product to the wall as shown in the picture.

2 Secure the bracket with the bolt (not provided as parts of the product, must purchase separately) on the wall.

3 Use a sturdy rope (not provided as parts of the product, must purchase separately) to tie the product. It is safer to tie the rope so it becomes horizontal between the wall and the product.

Notes
- When moving the product to another place undo the ropes first.
- Use a product holder or a cabinet that is big and strong enough for the size and weight of the product.
- To use the product safely make sure that the height of the bracket that is mounted on the wall is same as that of the product.

External Equipment Connections

To prevent the equipment damage, never plug in any power cords until you have finished connecting all equipment.

- For optimum picture quality, adjust antenna direction.
- An antenna cable and converter are not supplied.

Multi-family Dwellings/Apartments
(Connect to wall antenna socket)

Wall Antenna Socket

RF Coaxial Wire (75 ohm)

VHF Antenna

UHF Antenna

Turn clockwise to tighten.

Outdoor Antenna

Single-family Dwellings /Houses
(Connect to wall jack for outdoor antenna)
- In poor signal areas, to get better picture quality, install a signal amplifier to the antenna as shown to the right.
- If signal needs to be split for two TVs, use an antenna signal splitter for connection.

VHF   UHF

Signal Amplifier

- **You can listen to the sound through the headphone.**

32 inch

37/42 inch

⬤ Plug the headphone into the headphone socket.

⬤ To adjust the headphone volume, press the **VOL** ▲ / ▼ button. If you press the **MUTE** button, the sound from the headphone is switched off.

- While you are listening to sound through a headphone, TV speakers will not be heard.
Installation Instruction
External Equipment Connections

- To avoid picture noise (interference), leave an adequate distance between the VCR and TV.
- Typically a frozen still picture from a VCR. If the 4:3 picture format is used; the fixed images on the sides of the screen may remain visible on the screen.

Operation
Basic Operation
1 First, make all equipment connections. Connect the AC power cord into the TV, then plug the power cord into a wall outlet. Press the **POWER** button located on the TV to turn on the TV. The power indicator will light.

  • In the standby mode, press the **POWER, PR ▲ / ▼, TV, INPUT** or number buttons on the remote control to turn on the TV.

2 If you want to turn the TV off, press the **POWER** button located on the remote control. If you intend to be away on vacation, disconnect the plug from the wall outlet.

1 Press the **VOL ▲ / ▼** button to adjust the volume.

2 If you want to switch the sound off, press the **MUTE** button.
  You can cancel this function by pressing the **MUTE, VOL ▲ / ▼, I/II** or **SSM** button.

1 Press the **PR ▲ / ▼** or NUMBER buttons to select a programme number.

1 Press the **MENU** button and then ▲ / ▼ button to select the **Special** menu.

2 Press the ▶ button and then ▲ / ▼ button to select **Language**.

3 Press the ▶ button and then ▲ / ▼ button to select your desired language.
  All the on screen displays will appear in the selected language.

4 Press the **OK** button.

5 Press the **EXIT** button to return to TV viewing.

Operation

Basic Operation

1 Press the **MENU** button and then ▲ / ▼ button to display each menu.

2 Press the ► button and then ▲ / ▼ button to select a menu item.

3 Change the setting of an item in the sub or pull-down menu with ◄ / ► button.
You can move to the higher level menu by pressing the **OK** or **MENU** button.

Note

a. The OSD (On Screen Display) function enables you to adjust the screen status conveniently since it provides graphical presentation.
b. In this manual, the OSD (On Screen Display) may be different from your TV's because it is just example to help the TV operation.
c. In the teletext mode, menus are not displayed

Setting up TV stations

Up to 100 TV stations can be stored by programme numbers (0 to 99). Once you have preset the stations, you will be able to use the ▲ / ▼ or NUMBER buttons to scan the stations you have programmed. Stations can be tuned using automatic or manual modes.

		Auto programme				System	BG
■	PICTURE	**Manual programme**		■ PICTURE	Manual programme	Storage from	1
		Programme edit			Programme edit	Start	
🔊	SOUND	Favourite programme	≫	🔊 SOUND	Favourite programme		
🕐	TIME			🕐 TIME			
🔑	SPECIAL			🔑 SPECIAL			
✛	SCREEN			✛ SCREEN			
■	PIP/DW			■ PIP/DW	Prev.		

- *All stations that can be received are stored by this method. It is recommended that you use auto programme during installation of this set.*

**1** Press the **MENU** button and then ▲ / ▼ button to select the **STATION** menu.

2 Press the ► button and then ▲ / ▼ button to select **Auto programme**.

3 Press the ► button and then ▲ / ▼ button to select **System**.

4 Press the ◄ / ► button to select a TV system menu;

BG	: PAL B/G, SECAM B/G (Europe/East Europe)
I	: PAL I/II (U.K./Ireland)
DK	: PAL D/K, SECAM D/K (East Europe)
L	: SECAM L/L' (France)

5 Press the ▲ / ▼ button to select **Storage from**.

6 Press the ◄ / ► button or NUMBER buttons to select the beginning programme number. If you use NUMBER buttons, any number under 10 is entered with a numeric '0' in front of it, i.e.'**05**' for 5.

7 Press the ▲ / ▼ button to select **Start**.

8 Press the ► button to begin auto programming.
All receivable stations are stored. The station name is stored for stations which broadcast VPS (Video Programme Service), PDC (Programme Delivery Control) or TELETEXT data. If no station name can be assigned to a station, the channel number is assigned and stored as **C** (V/UHF 01-69) or **S** (Cable 01-47), followed by a number.

To stop auto programming, press the **MENU** button.
When auto programming is completed, the **Programme edit** menu appears on the screen. See the **Programme edit** section to edit the stored programme.

9 Press the **EXIT** button to return to normal TV viewing.

Setting up TV stations

- *Manual programme lets you manually tune and arrange the stations in whatever order you desire.*

1 Press the **MENU** button and then ▲ / ▼ button to select the **STATION** menu.

2 Press the ► button and then ▲ / ▼ button to select **Manual programme**.

3 Press the ► button and then ▲ / ▼ button to select **Storage**.

4 Press the ◄ / ► button or NUMBER buttons to select the desired programme number (0 to 99). If you use NUMBER buttons, any number under 10 is entered with a numeric '0' in front of it, i.e. '**05**' for 5.

5 Press the ▲ / ▼ button to select **System**.

6 Press the ◄ / ► button to select a TV system menu;

BG	: PAL B/G, SECAM B/G (Europe/East Europe)
I	: PAL I/II (U.K./Ireland)
DK	: PAL D/K, SECAM D/K (East Europe)
L	: SECAM L/L' (France)

7 Press the ▲ / ▼ button to select **Band**.

8 Press the ◄ / ► button to select **V/UHF** or **Cable**.

9 Press the ▲ / ▼ button to select **Channel**.

10 You can select the desired programme number with the ◄ / ► button or number buttons. If possible, select the programme number directly with the number buttons. Any number under 10 is entered with a numeric '0' in front of it, i.e. '**05**' for 5.

11 Press the ▲ / ▼ button to select **Search**.

12 Press the ◄ / ► button to commence searching. If a station is found the search will stop.

13 Press the **OK** button to store it.

14 To store another station, repeat steps **3** to **13**.

15 Press the **EXIT** button to return to normal TV viewing.

- *Normally fine tuning is only necessary if reception is poor.*

1 Press the **MENU** button and then ▲ / ▼ button to select the **STATION** menu.

2 Press the ► button and then ▲ / ▼ button to select **Manual programme**.

3 Press the ► button and then ▲ / ▼ button to select **Fine**.

4 Press the ◄ / ► button to to fine tune for the best picture and sound.

5 Press the **OK** button to store it.

6 Press the **EXIT** button to return to normal TV viewing.

Setting up TV stations
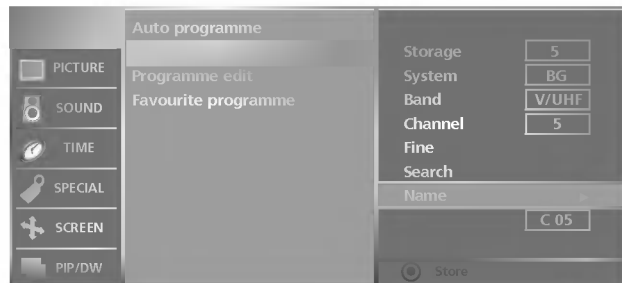

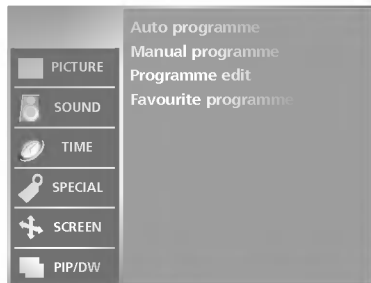

- You can assign a station name with five characters to each programme number.

1 Press the **MENU** button and then ▲ / ▼ button to select the **STATION** menu.

2 Press the ► button and then ▲ / ▼ button to select **Manual programme**.

3 Press the ► button and then ▲ / ▼ button to select **Name**.

4 Press the ► button and then ▲ / ▼ button. You can use a blank, **+**, **-**, the number **0** to **9** and the alphabet **A** to **Z**.

5 Press the ◄ / ► button to select the position and make your choice of the second character, and so on.

6 Press the **OK** button to store it.

7 Press the **EXIT** button to return to normal TV viewing.
- *This function enables you to delete or skip the stored programmes. Also you can move some stations to other programme numbers or copy a blank station data into the selected programme number.*

1 Press the **MENU** button and then ▲ / ▼ button to select the **STATION** menu.

2 Press the ► button and then ▲ / ▼ button to select **Programme edit**.

3 Press the ► button to display the **Programme edit** menu.

■ **Deleting a programme**
1. Select a programme to be deleted with the ▲ / ▼ / ◄ / ► button.
2. Press the RED button twice.
   The selected programme is deleted, all the following programmes are shifted up one position.

■ **Copying a programme**
1. Select a programme to be copied with the ▲ / ▼ / ◄ / ► button.
2. Press the GREEN button.
   All the following programmes are shifted down one position.

■ **Moving a programme**
1. Select a programme to be moved with the ▲ / ▼ / ◄ / ► button.
2. Press the YELLOW button.
3. Move the programme to the desired programme number with the ▲ / ▼ / ◄ / ► button.
4. Press the YELLOW button again to release this function.

■ **Skipping a programme number**
1. Select a programme number to be skipped with the ▲ / ▼ / ◄ / ► button.
2. Press the BLUE button. The skipped programme turns to blue.
3. Press the BLUE button again to release the skipped programme.
   When a programme number is skipped it means that you will be unable to select it using the ▲ / ▼ button during normal TV viewing. If you want to select the skipped programme, directly enter the programme number with the NUMBER buttons or select it in the programme edit or table menu.

4 Press the **EXIT** button to return to normal TV viewing.

Setting up TV stations
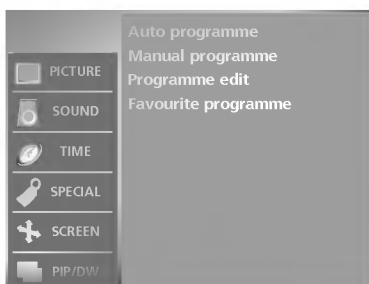

- This function lets you select your favourite programmes directly.
- Repeatedly press the **FAVOURITE** button to select stored favourite programmes.
1 Press the **MENU** button and then ▲ / ▼ button to select the **STATION** menu.

2 Press the ► button and then ▲ / ▼ button to select **Favourite programme**.

3 Press the ► button.

4 Press the ▲ / ▼ button to select - - - - - - -.

5 Select a desired programme with the ◄ / ► button or NUMBER buttons. Any number under 10 is entered with a numeric '0' in front of it, i.e. '05' for 5.

6 To store another programme, repeat steps **4** to **5**.
You can store up to 8 programmes.

7 Press the **EXIT** button to return to normal TV viewing.

- You can check the programmes stored in the memory by displaying the programme table.
■ **Displaying programme table**
Press the **LIST** button to display the **Programme table** menu.
The programme table appears on the screen. One programme table contains ten programmes as below.

Note

a. You may find some blue programmes. They have been set up to be skipped by auto programming or in the programme edit mode.
b. Some programmes with the channel number shown in the programme table indicate there is no station name assigned.

■ **Selecting a programme in the programme table**
Select a programme with the ▲ / ▼ / ◄ / ► button. Then press the **OK** button. The set switches to the chosen programme number.

■ **Paging through a programme table**
There are 10 programme table pages in which contain 100 programmes.
Pressing the ▲ / ▼ / ◄ / ► button repeatedly turns the pages.

Press the **EXIT** button to return to normal TV viewing.

Picture adjustment

- *This function adjusts the set for the best picture appearance.*

- *When adjusting **Contrast**, **Brightness**, **Colour**, **Sharpness**, and **Tint** (NTSC only) manually, PSM automatically changes to **User**.*

- ***Dynamic**, **Standard**, and **Mild** are programmed for optimum picture reproduction at the factory and cannot be changed.*

- *When the Intelligent eye function is on, picture is automatically adjusted to most suitable according to the surrounding conditions.*

- *You can also use the **PICTURE** menu to adjust **PSM**.*
1 Press the **PSM** button repeatedly to select the picture appearance setup option as shown below: **Intelligent Eye**, **Dynamic**, **Standard**, **Mild**, or **User**.

- *For initialize values (reset to default settings), select the **Normal** option.*

- *When adjusting colour temperature options (**Red**, **Green**, or **Blue**) manually, **CSM** automatically changes to **User**.*

1 Press the **MENU** button and then ▲ / ▼ button to select the **PICTURE** menu.

2 Press the ► button and then ▲ / ▼ button to select **CSM**.

3 Press the ► button and then ▲ / ▼ button to select **Cool**, **Normal**, **Warm**, or **User**.
- • **Cool** : To see less intense colors with more blue.
- • **Normal** : To initialize values (reset to default settings).
- • **Warm** : To enhance hotter colors such as red.
- • **User** : To adjust red, green, blue to any colour temperature you prefer.
  1. Press the ▲ / ▼ button to select **User**.
  2. Press the ► button and then ▲ / ▼ button to select **Red**, **Green**, or **Blue**.
  3. Press the ◄ / ► button to make appropriate adjustments.

4 Press the **EXIT** button to return to normal TV viewing.

Picture adjustment
- *XD is LG's unique picture improving technology to display a real HD source through an advanced digital signal processing algorithm.*

- *When selecting PSM options (Dynamic, Standard, or Mild), XD is automatically change to On. If XD setting is Off, PSM is automatically change to User and ACM function is not available.*

- *XD function is not available in RGB PC/HDMI PC mode.*

1 Press the **MENU** button and then ▲ **/** ▼ button to select the **PICTURE** menu.

2 Press the ► button and then ▲ **/** ▼ button to select **XD**.

3 Press the ► button and then ▲ **/** ▼ button to select **On** or **Off**.

4 Press the **EXIT** button to return to normal TV viewing.

- *Adjust the ACM to select the desired skin colour option.*

- *ACM function is available in all modes except RGB PC/HDMI PC mode.*

1 Press the **MENU** button and then ▲ **/** ▼ button to select the **PICTURE** menu.

2 Press the ► button and then ▲ **/** ▼ button to select **ACM**.

3 Press the ► button and then ▲ **/** ▼ button to select **Fleshtone**, **Greentone**, or **Bluetone**.

4 Press the ◄ **/** ► button to make appropriate adjustments.

5 Press the **EXIT** button to return to normal TV viewing.

- *When the set was connected to external equipment with sRGB function, it's adjusted a colour difference to display the equal image each other.*

- ***sRGB*** *function is available in RGB PC/HDMI PC mode.*

1 Press the **MENU** button and then ▲ / ▼ button to select the **PICTURE** menu.

2 Press the ► button and then ▲ / ▼ button to select **sRGB**.

3 Press the ► button and then ▲ / ▼ button to select **On** or **Off**.

4 Press the **EXIT** button to return to normal TV viewing.

- *You can adjust picture* ***Contrast***, ***Brightness***, ***Colour***, ***Sharpness*** *and* ***Tint*** *(NTSC only) to the levels you prefer.*

1 Press the **MENU** button and then ▲ / ▼ button to select the **PICTURE** menu.

2 Press the ► button and then ▲ / ▼ button to select the desired picture option (**Contrast**, **Brightness**, **Colour**, or **Sharpness**).

3 Press the ◄ / ► button to make appropriate adjustments.

**4** Press the **EXIT** button to return to normal TV viewing.

Note

• Only **Contrast** and **Brightness** are displayed in PC mode.

Sound adjustment

- **SSM** lets you enjoy the best sound without any special adjustment because the TV sets the appropriate sound options based on the program content.

- When adjusting sound equalizer manually, **SSM** automatically switches **User**.

- **SRS TSXT**, **Flat**, **Music**, **Movie**, and **Sports** are preset for good sound quality at the factory and are not adjustable.

- If **SRS TSXT** is selected, **BBE**, **Treble**, and **Bass** functions are not available.

- You can also use the **SOUND** menu to adjust **SSM**.
1 Press the **SSM** button repeatedly to select the picture appearance setup option as shown below: **SRS TSXT**, **Flat**, **Music**, **Movie**, **Sports**, or **User**.

- TruSurround XTtechnology is incorporated under license from SRS Labs, Inc.
- **SRS** **TruSurround XT** is a trademark of SRS Labs, Inc.
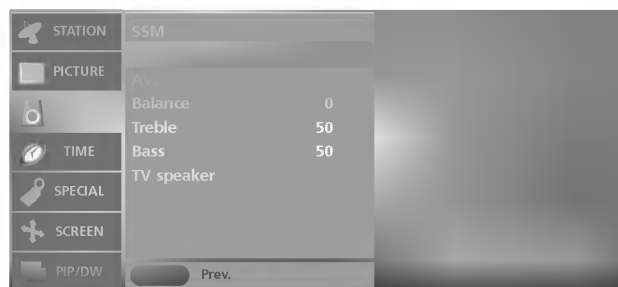

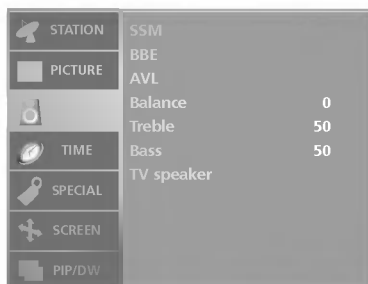

- BBE High Definition Sound restores clarity and presence for better speech intelligibility and musical realism.

1 Press the **MENU** button and then ▲ / ▼ button to select the **SOUND** menu.

2 Press the ► button and then ▲ / ▼ button to select **BBE**.

3 Press the ► button and then ▲ / ▼ button to select **On** or **Off**.

4 Press the **EXIT** button to return to normal TV viewing.

- **BBE** Manufactured under license from BBE Sound, Inc.
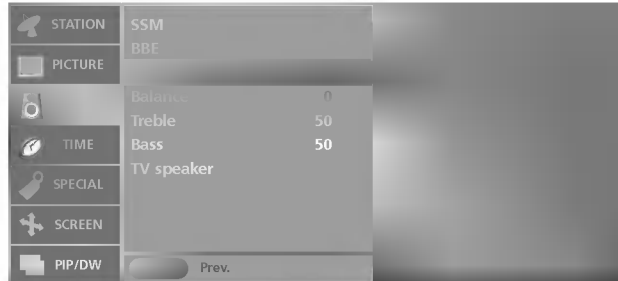

- **AVL** automatically keeps on an equal volume level even if you change programmes.

1 Press the **MENU** button and then ▲ / ▼ button to select the **SOUND** menu.

2 Press the ▶ button and then ▲ / ▼ button to select **AVL**.

3 Press the ▶ button and then ▲ / ▼ button to select **On** or **Off**.

4 Press the **EXIT** button to return to normal TV viewing.

- Adjust the sound to suit your taste and room situations.

1 Press the **MENU** button and then ▲ / ▼ button to select the **SOUND** menu.

2 Press the ▶ button and then ▲ / ▼ button to select the desired sound option (**Balance**, **Treble**, or **Bass**).

3 Press the ▶ button and then ◀ / ▶ button to make desired adjustment.

4 Press the **EXIT** button to return to normal TV viewing.

I/II
■ Stereo/Dual reception

When a programme is selected, the sound information for the station appears after the programme number and station name disappear.

Broadcast	On Screen Display
Mono	MONO
Stereo	STEREO
Dual	DUAL I

• Mono sound selection
In stereo reception if the stereo signal is weak, you can switch to mono by pressing the **I/II** button twice. In mono reception the depth of sound is improved. To switch back to stereo, press the **I/II** button twice again.

• Language selection for dual language broadcast
If a programme is received in two languages (dual language), you can switch to **DUAL I, DUAL II** or **DUAL I+II** by pressing the **I/II** button repeatedly.
DUAL I sends the primary broadcast language to the loudspeakers.
DUAL II sends the secondary broadcast language to the loud-speakers.
DUAL I+II sends a separate language to each loudspeaker.

■ NICAM reception (This feature is not available in all countries.)

If your set is equipped with the receiver for NICAM reception, the high quality NICAM (Near Instantaneous Companding Audio Multiplex) digital sound can be received.
Sound output can be selected according to the type of received broadcast as follows by pressing the I/II button repeatedly.
1. When **NICAM mono** is received, you can select **NICAM MONO** or **FM MONO**.
2. When **NICAM stereo** is received, you can select **NICAM STEREO** or **FM MONO**. If the stereo signal is weak, switch to **FM mono**.
3. When **NICAM dua**l is received, you can select **NICAM DUAL I, NICAM DUAL II** or **NICAM DUAL I+II** or **MONO**. When **FM mono** is selected the display **MONO** appears on the screen.

■ Sound output selection

In **AV1**, **AV2**, **AV3**, **S-Video**, **Component**, **RGB PC/RGB DTV**, or **HDMI PC/ HDMI DTV** mode, you can select output sound for the left and right loud-speakers. Repeatedly press the I/II button to select the sound output.

L+R : Audio signal from audio L input is sent to left loud-speaker and audio signal from audio R input is sent to right loud-speaker.
L+L : Audio signal from audio L input is sent to left and right loud-speakers.
R+R : Audio signal from audio R input is sent to left and right loud-speakers.
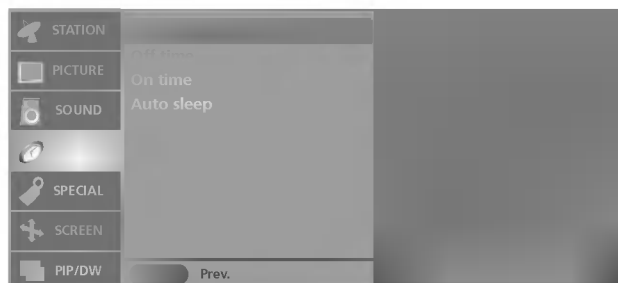

- *You must set the time correctly before using on/off time function.*

- *If current time setting is erased by a power failure or the set is unplugged, reset the clock.*

1 Press the **MENU** button and then ▲ / ▼ button to select the **TIME** menu.

2 Press the ► button and then ▲ / ▼ button to select **Clock**.

3 Press the ► button and then ▲ / ▼ button to set the hour.

4 Press the ► button and then ▲ / ▼ button to set the minutes.

5 Press the **EXIT** button to return to normal TV viewing.
- *The off time automatically switches the set to standby at the preset time.*

1 Press the **MENU** button and then ▲ / ▼ button to select the **TIME** menu.

✤ Screen Menu

- You can watch TV in various picture formats; **Spectacle, Full, Original, 4:3, 16:9, 14:9, Zoom.** Repeatedly press the **ARC** button to select your desired picture format.
- You can also use the **SCREEN** menu to adjust **ARC**.

Spectacle
When your TV receives the wide screen signal, it will lead you to adjust the picture horizontally, in a nonlinear proportion, to fill the entire screen.

Full
When your TV receives the wide screen signal, it will lead you to adjust the picture horizontally or vertically, in a linear proportion, to fill the entire screen fully.

Original
When your TV receives the wide screen signal, it will be automatically changed to the picture format to be sent.

4:3
This picture format is 4 to 3 of general TV.

16:9
You can enjoy the cinema (the picture format of 16:9) or general TV programme through the 16:9 mode.
The screen 16:9 is viewed just like that but the screen 4:3 is magnified to the left and right so that the screen 16:9 is full.

14:9
You can enjoy the picture format of 14:9 or general TV programme through the 14:9 mode.
The screen 14:9 is viewed just like that the screen 4:3 is magnified to the upper / lower and left / right.

Zoom
You can enjoy the cinema in a vast screen through the Zoom mode.
The screen 4:3 is magnified to the upper / lower and left / right sides so that the screen 16:9 is full. The bottom and top of the picture may be lost.

Note

a. In **PC (RGB** or **HDMI)** mode only **16:9** and **4:3** aspect ratios are available.
b. In the DW (Double Window) mode, ARC function isn't available.
c. In Component mode only **4:3**, **16:9** and **Zoom** aspect ratios are available.
d. There might be uncomfortable in full mode. Then change into other mode.
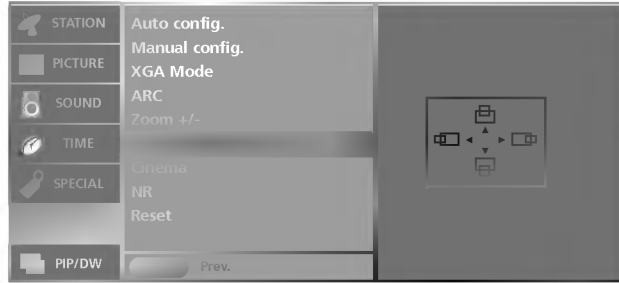

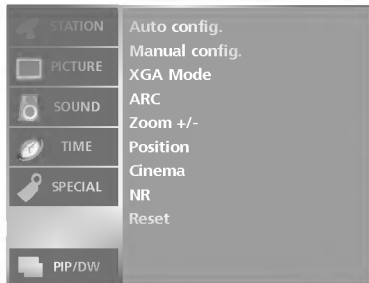

- When screen is enlarged, you can change the position of the picture.
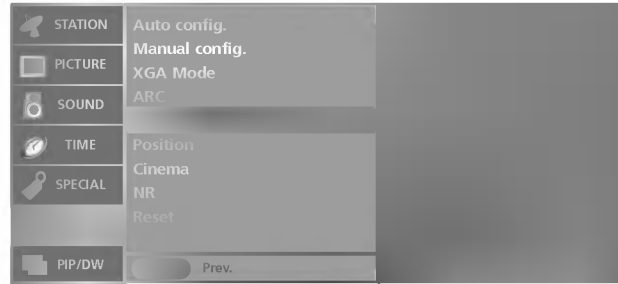

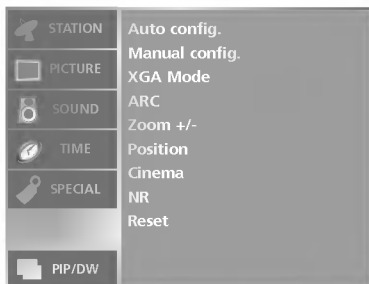

- **Position** function is not available in RGB PC mode.

1 Press the **MENU** button and then use ▲ / ▼ button to select the **SCREEN** menu.

2 Press the ► button and then use ▲ / ▼ button to select **Position.**

3 Press the ► button and then ▲ / ▼ / ◄ / ► button to adjust the position.

4 Press the **EXIT** button to return to normal TV viewing.
- When you watch the movie, this function adjusts the set to the best picture appearance.

- **Cinema** function is available in **TV, AV, S-Video,** or **Component** (480i, 576i) mode

1 Press the **MENU** button and then use ▲ / ▼ button to select the **SCREEN** menu.

2 Press the ► button and then use ▲ / ▼ button to select **Cinema.**

3 Press the ► button and then ▲ / ▼ button to select **On** or **Off**.

4 Press the **EXIT** button to return to normal TV viewing.

✦ Screen Menu
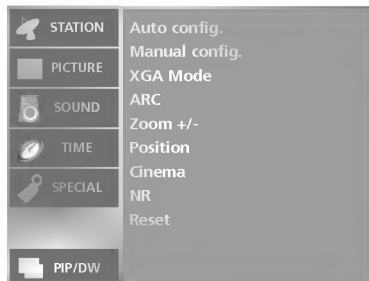

- You can select **3D NR** or **MPEG NR** to reduce the picture noise which may appear on the screen during watching the TV.

- This function is not available for use in **RGB PC**, **HDMI PC** mode.

- **3D NR** is not available for use in **Component**, **RGB DTV**, **HDMI DTV** mode.

1 Press the **MENU** button and then use ▲ / ▼ button to select the **SCREEN** menu.

2 Press the ► button and then use ▲ / ▼ button to select **NR**.

3 Press the ► button and then use ▲ / ▼ button to select **3D NR** or **MPEG NR**.

4 Press the ◄ / ► button to make appropriate adjustments.
  • The adjustment range of **3D NR** is 0~2.
  • The adjustment range of **MPEG NR** is 0~15.

5 Press the **EXIT** button to return to normal TV viewing.

- You can initialize Zoom +/-, Position, Manual Config., PIP size, PIP position and sub picture size for twin picture.

- This function operates in every mode. To initialize the adjusted value.

1 Press the **MENU** button and then use ▲ / ▼ button to select the **SCREEN** menu.

2 Press the ► button and then use ▲ / ▼ button to select **Reset**.

3 Press the ► button to start **Reset**.
The display **OK** will appear.

PIP (Picture-In-Picture) / DW (Double Window) Menu

- You can also select the desired input with the **INPUT** button on the remote control.

1 Press the **MENU** button and then use ▲ / ▼ button to select the **PIP/DW** menu.

2 Press the ► button and then use ▲ / ▼ button to select **Input**.

3 Press the ► button and then ▲ / ▼ button to select **TV**, **AV1**, **AV2**, **AV3**, **S-Video**, **Component**, **RGB PC/RGB DTV**, or **HDMI PC/ HDMI DTV**.

4 Press the **EXIT** button to return to normal TV viewing.

- PIP lets you view 2 different inputs (sources) on your TV screen at the same time. One source will be large, and the other source will show a smaller inset image.

- DW (Double Window) mode splits the screen into 2, allowing 2 picture sources to be shown on the TV screen at the same time. Each source is given half the screen.

- You can also select the **DW/PIP** with the **PIP** button on the remote control.

1 Press the **MENU** button and then use ▲ / ▼ button to select the **PIP/DW** menu.

2 Press the ► button and then use ▲ / ▼ button to select **DW** or **PIP**.

3 Press the ► button and then ▲ / ▼ button to select the item.

4 Press the **EXIT** button to return to normal TV viewing.

◰ PIP (Picture-In-Picture) / DW (Double Window) Menu
■ Press the **PIP** button to access the sub picture. Each press of PIP changes the PIP options as shown below.
You can hear the main picture sound in PIP mode. Exchange the main and sub picture to hear the sub picture sound.

PIP Mode → DW1 Mode → DW2 Mode

POP Mode

PIP Off ◀
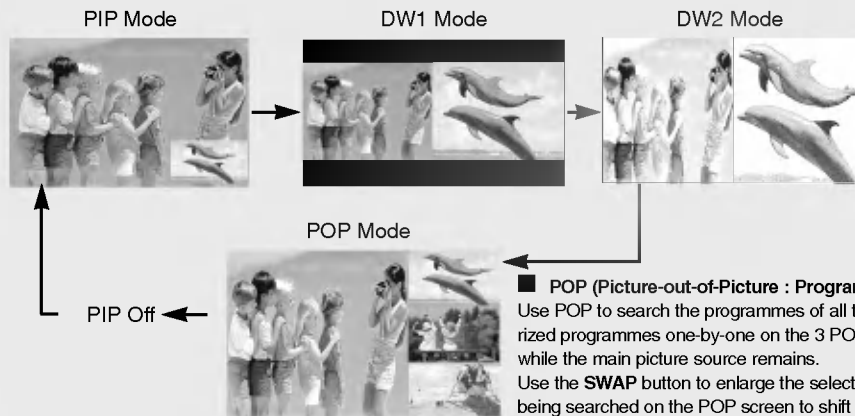

■ **POP (Picture-out-of-Picture : Programme scan)**
Use POP to search the programmes of all the memorized programmes one-by-one on the 3 POP screen, while the main picture source remains.
Use the **SWAP** button to enlarge the selected channel being searched on the POP screen to shift it for viewing on the Main picture.
Note : Run **Auto programme** function before using POP mode.

Note

a. In some case of PIP/DW mode, picture quality can be different between main picture and sub picture.
   the sub picture may appear poor as compared to main picture.

Teletext

Teletext (or TOP text) is an optional function, therefore only a set with the teletext system can receive the teletext broadcast.

Teletext is a free service broadcast by most TV stations which gives up-to-the-minute information on news, weather, television programmes, share prices and many other topics.

The teletext decoder of this TV can support the SIMPLE, TOP and FASTEXT systems. SIMPLE (standard teletext) consists of a number of pages which are selected by directly entering the corresponding page number. TOP and FASTEXT are more modern methods allowing quick and easy selection of teletext information.

Switch on/off

Press the **TEXT** button to switch to teletext. The initial page or last page appears on the screen.
Two page numbers, TV station name, date and time are displayed on the screen headline. The first page number indicates your selection, while the second shows the current page displayed.
Press the **TEXT** button to switch off teletext. The previous mode reappears.

SIMPLE text

■ Page selection

1. Enter the desired page number as a three digit number with the NUMBER buttons. If during selection you press a wrong number, you must complete the three digit number and then reenter the correct page number.
2. The **PR ▲ / ▼** buttons can be used to select the preceding or following page.

■ Programming a colour button in LIST mode

If the TV is in SIMPLE text, TOP text or FASTEXT mode, press the EM button to switch to LIST mode.

Four teletext page numbers of your choice can be colour coded and easily selected by pressing the corresponding coloured button on the remote control handset.

1. Press a coloured button.
2. Using the NUMBER buttons, select the page you wish to programme.
3. Press the **OK** button. Then the selected page is stored as the selected page number by blinking once. From now on, you can select this page with the same coloured button.
4. The three other coloured buttons are programmed in this way.

TOP text (This feature is not available in all countries)

The user guide displays four fields-red, green, yellow and blue at the bottom of the screen. The yellow field denotes the next group and the blue field indicates the next block.

■ Block / group / page selection

1. With the blue button you can progress from block to block.
2. Use the yellow button to proceed to the next group with automatic overflow to the next block.
3. With the green button you can proceed to the next existing page with automatic overflow to the next group. Alternatively the **PR ▲** button can be used.
4. The red button permits to return to previous selection.
   Alternatively the **PR ▼** button can be used.

■ Direct page selection

Corresponding to the SIMPLE teletext mode, you can select a page by entering it as a three digit number using the NUMBER buttons in TOP mode.

FASTEXT

The teletext pages are colour coded along the bottom of the screen and are selected by pressing the corresponding coloured button.

■ **Page selection**
1. Press the ⊟ⅈ button to select the index page.
2. You can select the pages which are colour coded along the bottom line with the same coloured buttons.
3. Corresponding to the SIMPLE teletext mode, you can select a page by entering its three digit page number with the NUMBER buttons in FASTEXT mode.
4. The **PR ▲/▼** buttons can be used to select the preceding or following.

Special teletext functions

⊟⁇ **REVEAL**

Press this button to display concealed information, such as solutions of riddles or puzzles.
Press this button again to remove the information from the display.

⊟⬍ **SIZE**

Selects double height text.
Press this button to enlarge the top half of the page.
Press this button again to enlarge the bottom half of the page.
Press this button again to return to the normal display.

⊟✕ **UPDATE**

Displays the TV picture on the screen while waiting for the new teletext page. The display ⊜✕ will appear at the top left hand corner of the screen. When the updated page is available then display ⊜✕ will change to the page number.
Press this button to view the updated teletext page.

⊟⬙ **HOLD**

Stops the automatic page change which will occur if a teletext page consists of 2 or more sub pages. The number of sub pages and the sub page displayed is, usually, shown on the screen below the time. When this button is pressed the stop symbol is displayed at the top left-hand corner of the screen and the automatic page change is inhibited.
To continue press this button again.

⊿ **MIX**

Displays the teletext pages superimposed on the TV picture.
To switch the TV picture off press this button again.

⊟🕐 **TIME**

When viewing a TV programme, press this button to display the time at the top right hand corner of the screen. Press this button again to remove the display. In the teletext mode, press this button to select a sub page number. The sub page number is displayed at the bottom of the screen. To hold or change the sub page, press the RED/GREEN,
◄ /► or NUMBER buttons.
Press again to exit this function.

Troubleshooting Checklist

The operation does not work normally.	
The remote control doesn't work	• Check to see if there is any object between the product and the remote control causing obstruction. • Are batteries installed with correct polarity (+ to +, - to -)? • Correct remote operating mode set: TV, VCR etc.? • Install new batteries.
Power is suddenly turned off	• Is the sleep timer set? • Check the power control settings. Power interrupted • No broadcast on station tuned with Auto off activated.

The video function does not work.	
No picture & No sound	• Check whether the product is turned on. • Try another channel. The problem may be with the broadcast. • Is the power cord inserted into wall power outlet? • Check your antenna direction and/or location. • Test the wall power outlet, plug another product's power cord into the outlet where the product's power cord was plugged in.
Picture appears slowly after switching on	• This is normal, the image is muted during the product startup process. Please contact your service center, if the picture has not appeared after five minutes.
No or poor color or poor picture	• Adjust Color in menu option. • Keep a sufficient distance between the product and the VCR. • Try another channel. The problem may be with the broadcast. • Are the video cables installed properly? • Activate any function to restore the brightness of the picture.
Horizontal/vertical bars or picture shaking	• Check for local interference such as an electrical appliance or power tool.
Poor reception on some channels	• Station or cable product experiencing problems, tune to another station. • Station signal is weak, reorient antenna to receive weaker station. • Check for sources of possible interference.
Lines or streaks in pictures	• Check antenna (Change the direction of the antenna).

The audio function does not work.	
Picture OK & No sound	• Press the **VOL** or **VOLUME** button. • Sound muted? Press **MUTE** button. • Try another channel. The problem may be with the broadcast. • Are the audio cables installed properly? • Check whether the **TV Speaker** is **On** in the **SOUND** menu.
No output from one of the speakers	• Adjust Balance in menu option.
Unusual sound from inside the product	• A change in ambient humidity or temperature may result in an unusual noise when the product is turned on or off and does not indicate a fault with the product.

There is a problem in PC mode. (Only PC mode applied)	
The signal is out of range.	• Adjust resolution, horizontal frequency, or vertical frequency. • Check it whether the signal cable is connected or loose. • Check the input source.
Vertical bar or stripe on back-ground & Horizontal Noise & Incorrect position	• Work the Auto configure or adjust clock, phase, or H/V position.
Screen color is unstable or single color	• Check the signal cable. • Reinstall the PC video card.

Programming the Remote control
The remote control is a multi-brand or universal remote control. It can be pro-
grammed to operate most remote-controllable devices of other manufacturers.
Note that the remote control may not control all models of other brands.

1. Test your remote control.
   To find out whether your remote control can operate the component without pro-
   gramming, turn on the component such as a VCR and press the corresponding
   mode button (such as a **DVD** or **VCR**) on the remote control, while pointing at the
   component. Test the **POWER** and **PR ▲ / ▼** buttons to see if the component
   responds properly. If not, the remote requires programming to operate the device.

2. Turn on the component to be programmed, then press the corresponding mode
   button (such as a **DVD** or **VCR**) on the remote control. The remote control button
   of desired device is lighted.

3. Press the **MENU** and **MUTE** buttons simultaneously, the remote control is ready to
   be programmed for the code.

4. Enter a code number using the number buttons on the remote control.
   Programming code numbers for the corresponding component can be found on
   the following pages. Again, if the code is correct, the device will turn off.

5. Press the **MENU** button to store the code.

6. Test the remote control functions to see if the component responds properly. If not,
   repeat from step 2.

IR codes

How to Connect

► Connect your wired remote control to the Remote Control port on the TV.

Remote Control IR Codes

► **Output waveform**

Single pulse, modulated with 37.917KHz signal at 455KHz

Carrier frequency

$F_{CAR} = 1/Tc = fosc/12$
Duty ratio = $T1/Tc = 1/3$
► **Configuration of frame**

• 1st frame

Lead code	Low custom code								High custom code								Data code								Data code							
	C0	C1	C2	C3	C4	C5	C6	C7	C0	C1	C2	C3	C4	C5	C6	C7	D0	D1	D2	D3	D4	D5	D6	D7	D0	D1	D2	D3	D4	D5	D6	D7

• Repeat frame

Repeat code

External Control Device Setup ; RS-232C

- Connect the RS-232C input jack to an external control device (such as a computer or an A/V control system) and control the TV's functions externally.
- Connect the serial port of the control device to the RS-232C jack on the TV back panel.
- RS-232C connection cable is not supplied with the TV.

PC
Type of Connector; D-Sub 9-Pin Male

No.	Pin name
1	No connection
2	RXD (Receive data)
3	TXD (Transmit data)
4	DTR (DTE side ready)
5	GND
6	DSR (DCE side ready)
7	RTS (Ready to send)

Reference

External Control Device Setup ; RS-232C

- Use this function to specify a monitor ID number.
- Refer to 'Real Data Mapping 1'. See page 63.

1. Press the **MENU** button and then use ▲ / ▼ button to select the **Special** menu.
2. Press the ► button and then use ▲ / ▼ button to select **Set ID**.
3. Press the ► button and then use ◄ / ► button to adjust **Set ID** to choose the desired monitor ID number. The adjustment range of **Set ID** is 1 ~ 99.
4. Press the **OK** button to save.

Communication Parameters

- Baud rate : 9600 bps (UART)
- Data length : 8 bits
- Parity : None
- Stop bit : 1 bit
- Communication code : ASCII code

* Use a crossed (reverse) cable.

|	COMMAND 1	COMMAND 2	DATA (Hexa)
01. Power	k	a	0 ~ 1
02. Input Select (Main Picture)	x	b	*
03. Input Select (Sub Picture)	x	y	*
04. Aspect Ratio	k	c	0 ~ 6
05. Screen Mute	k	d	0 ~ 1

* : Refer to '02~03. Input Select' on page 63

Transmission / Receiving Protocol

Transmission

[Command1][Command2][ ][Set ID][ ][Data][Cr]

* [Command 1]: First command. (k, x or m)
* [Command 2]: Second command.
* [Set ID]: You can adjust the set ID to choose desired monitor ID number in Special menu. Adjustment range is 1 ~ 99. When selecting Set ID '0', every connected TV set is controlled. Set ID is indicated as decimal (1~99) on menu and as Hexa decimal (0x0~0x63) on transmission/receiving protocol.
* [DATA]: To transmit command data. Transmit 'FF' data to read status of command.
* [Cr]: Carriage Return ASCII code '0x0D'
* [ ]: ASCII code 'space (0x20)'

OK Acknowledgement

[Command2][ ][Set ID][ ][OK][Data][x]

* The Monitor transmits ACK (acknowledgement) based on this format when receiving normal data. At this time, if the data is data read mode, it indicates present status data. If the data is data write mode, it returns the data of the PC computer.

Error Acknowledgement

[Command2][ ][Set ID][ ][NG][Data][x]

* The Monitor transmits ACK (acknowledgement) based on this format when receiving abnormal data from non-viable functions or communication errors.

  Data 1: Illegal Code
        2: not support function

- **Error messages**
1. **Illegal ID** : If Wrong or no ID in the command is written.
2. **B_TokenLength !=2** : If the first argument of the command does not equals to 2.
3. **Error ==TOKEN_ERROR** : If some Special character or Numeric are written to the first argument of the command or wrong Space position is written to the first argument of the command.
4. **Illegal Opcodes** : If the Wrong Alphabet is written to the first argument of the command.
5. **Illegal Params** : If the Wrong parameter is supplied to the end of the command line (means that value of the parameter that is not supported).

01. Power On (Command:a)

▶ To control Power On/Off of the TV.

Transmission

[k][a][ ][Set ID][ ][Data][Cr]

Data   0 : Power Off   1   : Power On

Acknowledgement

[a][ ][Set ID][ ][OK][Data][x]

▶ To show Power On/Off.

Transmission

[k][a][ ][Set ID][ ][FF][Cr]

Acknowledgement

[a][ ][Set ID][ ][OK][Data][x]

Data   0 : Power Off   1   : Power On

02. Input Select (Command:b) (Main Picture Input)

▶ To select input source for the TV.
You can also select an input source using the INPUT button on the TV's remote control.

Transmission

[x][b][ ][Set ID][ ][Data][Cr]

Data   10 : TV   50 or 60 : RGB PC
       20 : AV1   21 : AV2   51 or 61 : RGB DTV
       22 : AV3   90   : HDMI PC
       30 : S-Video   91   : HDMI DTV
       40 : Component

Acknowledgement

[b][ ][Set ID][ ][OK][Data][x]

03. Input Select (Command:y) (Sub Picture Input)

[x][y][ ][Set ID][ ][Data][Cr]

Data   10 : TV   50 or 60 : RGB
       20 : AV1   21 : AV2   90   : HDMI
       22 : AV3
       30 : S-Video
       40 : Component

Acknowledgement

[y][ ][Set ID][ ][OK][Data][x]

04. Aspect Ratio (Command:c) (Main picture format)

▶ To adjust the screen format.
You can also adjust the screen format using the ARC (Aspect Ratio Control) button on remote control or in the Screen menu.

Transmission

[k][c][ ][Set ID][ ][Data][Cr]

Data   0 : Normal screen (4:3)   4 : Spectacle
       1 : Wide screen (16:9)   5 : Full
       2 : 14:9   6 : Original
       3 : Zoom

* In PC mode only 16:9 and 4:3 aspect ratios are available.

Acknowledgement

[c][ ][Set ID][ ][OK][Data][x]

05. Screen Mute (Command:d)

▶ To select screen mute on/off.

Transmission

[k][d][ ][Set ID][ ][Data][Cr]

Data   0 : Screen mute off (Picture on)
       1 : Screen mute on (Picture off)

06. Volume Mute (Command:e)

▶ To control volume mute on/off.
You can also adjust mute using the MUTE button on remote control.

Transmission

[k][e][ ][Set ID][ ][Data][Cr]

Data   0 : Volume mute on (Volume off)
       1 : Volume mute off (Volume on)

Acknowledgement

[e][ ][Set ID][ ][OK][Data][x]

07. Volume Control (Command:f)

▶ To adjust volume.
You can also adjust volume with the volume buttons on remote control.

Transmission

[k][f][ ][Set ID][ ][Data][Cr]

Data   Min: 0 ~ Max: 64 (transmit by Hexadecimal code)
       • Refer to 'Real data mapping 1' as shown below.

Acknowledgement

[f][ ][Set ID][ ][OK][Data][x]

08. Contrast (Command:g)

▶ To adjust screen contrast.
You can also adjust contrast in the Picture menu.

Transmission

[k][g][ ][Set ID][ ][Data][Cr]

Data   Min: 0 ~ Max: 64 (transmit by Hexadecimal code)
       • Refer to 'Real data mapping 1' as shown below.

Acknowledgement

[g][ ][Set ID][ ][OK][Data][x]

---

* Real data mapping 1

  0 : Step 0
   ⋮
  A : Step 10
   ⋮
  F : Step 15
 10 : Step 16
   ⋮
 64 : Step 100

* Tint : R50 ~ G50
* Balance : L50 ~ R50

Reference
External Control Device Setup ; RS-232C

09. Brightness (Command:h)
▶ To adjust screen brightness.
  You can also adjust brightness in the Picture menu.

Transmission

[k][h][ ][Set ID][ ][Data][Cr]

Data Min: 0 ~ Max: 64 (transmit by Hexadecimal code)
  • Refer to 'Real data mapping 1'. See page 63.

Acknowledgement

[h][ ][Set ID][ ][OK][Data][x]

10. Colour (Command:i)
▶ To adjust the screen colour.
  You can also adjust colour in the Picture menu.

Transmission

[k][i][ ][Set ID][ ][Data][Cr]

Data Min: 0 ~ Max: 64 (transmit by Hexadecimal code)
  • Refer to 'Real data mapping 1'. See page 63.

Acknowledgement

[i][ ][Set ID][ ][OK][Data][x]

11. Tint (Command:j)
▶ To adjust the screen tint.(NTSC M input only)
  You can also adjust tint in the Picture menu.

Transmission

[k][j][ ][Set ID][ ][Data][Cr]

Data Min: 0 ~ Max: 64 (transmit by Hexadecimal code)
  • Refer to 'Real data mapping 1'. See page 63.

Acknowledgement

[j][ ][Set ID][ ][OK][Data][x]

12. Sharpness (Command:k)
▶ To adjust the screen sharpness.
  You can also adjust sharpness in the Picture menu.

Transmission

[k][k][ ][Set ID][ ][Data][Cr]

Data Min: 0 ~ Max: 64 (transmit by Hexadecimal code)
  • Refer to 'Real data mapping 1'. See page 63.

Acknowledgement

[k][ ][Set ID][ ][OK][Data][x]

13. OSD Select (Command:l)
▶ To select OSD (On Screen Display) mute on/off.

Transmission

[k][l][ ][Set ID][ ][Data][Cr]

Data 0: OSD mute on   1: OSD mute off

Acknowledgement

[l][ ][Set ID][ ][OK][Data][x]

14. Key Lock (Command:m)
▶ To lock the front panel controls on the TV.

Transmission

[k][m][ ][Set ID][ ][Data][Cr]

Data 0: Lock off   1: Lock on

Acknowledgement

[m][ ][Set ID][ ][OK][Data][x]

• If you're not using the front panel controls on the TV, use this mode. When main power is on/off, remote control lock is released.

15. Balance (Command:t)
▶ To adjust balance.

Transmission

[k][t][ ][Set ID][ ][Data][Cr]

Data Min: 0 ~ Max: 64 (transmit by Hexadecimal code)
• Refer to 'Real data mapping 1'. See page 63.

Acknowledgement

[t][ ][Set ID][ ][OK][Data][x]

16. Programme Select (Command:m a) (Main TV Input)
▶ Tune channel to following Physical/major/minor number.

Transmission

[m][a][ ][Set ID][ ][Data0][Cr]

Data0: Programme Number
Min : 0 ~ Max : 63(transmit by Hexadecimal code)

Acknowledgement

[a][ ][Set ID][ ][OK][Data0][x]
[a][ ][Set ID][ ][NG][Data0][x]

17. Programme Select (Command:m b) (Sub TV Input)
▶ Tune channel to following Physical/major/minor number.

Transmission

[m][b][ ][Set ID][ ][Data 0][Cr]

Data0: Programme Number
Min : 0 ~ Max : 63(transmit by Hexadecimal code)

Acknowledgement

[b][ ][Set ID][ ][OK][Data0][x]
[b][ ][Set ID][ ][NG][Data0][x]

18. Key (Command:m c)
▶ To send IR remote key code.

Transmission

[m][c][ ][Set ID][ ][Data][Cr]

Data: Key code **(Refer to P.60)**

Acknowledgement

[c][ ][Set ID][ ][OK][Data][x]
