LG Electronics hereby declares that this/these product(s) is/are in compliance with the essential requirements and other relevant provisions of Directive 2006/28/EC(ANNEX I, 3.2.9), 72/245/EEC, and 2006/95/EC.

European representative :

LG Electronics Service Europe B.V. Veluwezoom 15, 1327 AE Almere, The Netherlands (Tel : +31-(0)36-547-8888)

Safety Note

SHOCK DO NOT SPLIT COVER(OR BACK) NO USER SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

This lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

Always operate the vehicle in a safe manner.

Do not become distracted by the vehicle while driving, and always be fully aware of all driving condition. Do not change settings, or any functions. Pull over in a safe and legal manner before attempting such operations.

Do not use for many hours at extremely low or high temperature. (-10~60°C)

To reduce the risk of electric shock, do not remove the cover or back of this product. There are no user-serviceable parts inside. Refer servicing to gualified service personnel.

To reduce the risk of fire or electric shock, do not expose this product to dripping or splashing water, rain, or moisture.

The temperature of unit's outside can be extremely high, please use the unit after proper installation in your vehicle.

This unit cannot play 8cm disc (use 12cm disc only).

CAUTION : This product uses a Laser System.

To ensure proper use of this product, please read this owner's manual carefully and retain it for future reference.

Should the unit require maintenance, contact an authorized service center. Performing controls, adjustments, or carrying out procedures other than those specified herein may result in hazardous radiation exposure.

To prevent direct exposure to laser beam, do not try to open the enclosure. Visible laser radiation when open. DO NOT STARE INTO BEAM.

"This device is equipped with a portable battery or accumulator.

Safe way to remove the battery or the battery from the equipment:

Remove the old battery or battery pack, follow the steps in reverse order than the assembly. To prevent contamination of the environment and bring on possible threat to human and animal health, the old battery or the battery put it in the appropriate container at designated collection points. Do not dispose of batteries or battery together with other waste. It is recommended that you use local, free reimbursement systems batteries and accumulator."

The battery shall not be exposed to excessive heat such as sunshine, fire or the like.

Disposal of your old appliance

- 1. When this crossed-out wheeled bin symbol is attached to a product it
 - means the product is covered by the European Directive 2002/96/EC.
 - 2. All electrical and electronic products should be disposed of separately
 - from the municipal waste stream via designated collection facilities appointed by the government or the local authorities.
 - 3. The correct disposal of your old appliance will help prevent potential negative consequences for the environment and human health.
 - 4. For more detailed information about disposal of your old appliance, please contact your city office, waste disposal service or the shop where you purchased the product.

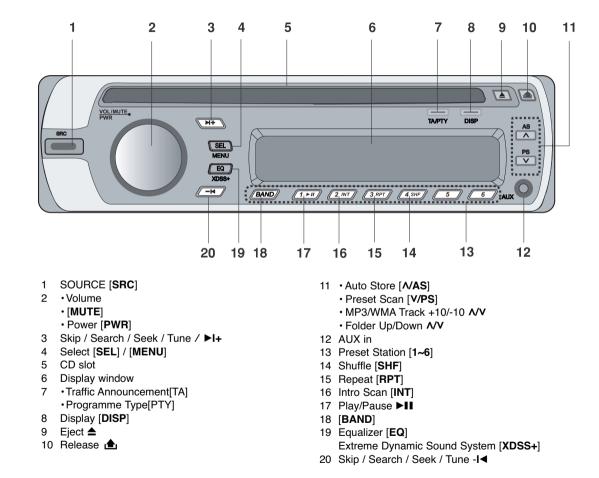

/ Caution

When being connected in a wrong way, the unit displays as follows. - Antenna port short : "ANTENNA ON PORT SHORT CIRCUIT CHECK"

After connecting it again, restart the unit,

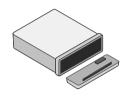

You have to set the disc format option to [Mastered] in order to make the discs compatible with the LG players when formatting rewritable discs. When setting the option to Live File System, you cannot use it on LG players. (Mastered/Live File System : Disc format system for Windows Vista)

Front Panel

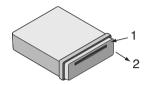

About Detachable Control Panel

Attaching the control panel

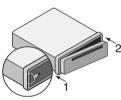

- 1 Align the left side of the panel with the stopper.
- 2 Push the right side or panel into the unit until it clicks.

Detaching the control panel

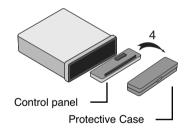

- 1 Press the "**d**" (RELEASE) to open the control panel.
- 2 Hold the right part of the control panel.
- 3 Pull out the control panel.
- 4 Place the control panel in the supplied protective case.

A Caution

- The control buttons may not work properly if the control panel is not attached properly. If this occurs, gently press the display.
- Do not leave the control panel in any area exposed to high temperatures or direct sunlight.
- · Do not drop the control panel or otherwise subject it to strong impact.
- Do not allow such volatile agents as benzine, thinner, or insecticides to come into contact with the surface of the control panel.

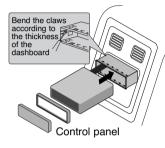

🕅 Note

Periodically wipe the contacts on the back of the control panel with a cotton swap moistened with alcohol. For safety, turn off the ignition before cleaning, and remove the key from the ignition switch.

Installation

Basic Installation

Before installing, make sure that the ignition-switch is set to OFF and remove the terminal of the car battery to avoid short-circuiting.

- Remove the existing receiver unit. 2
 - Make the necessary connections.
 - Install the installation sleeve.
 - Install the unit into the installation sleeve.

Control panel

5

6

ISO-DIN Installation

1 Slide the unit into the ISO-DIN frame.

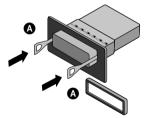

- 2 Fit screws removed from the old unit.
- 3 Slide the unit and frame into the dash opening.
- Install the dash panel or adapter Δ plate.
- Install the trim ring to the unit. 5
- Install the control panel to the unit. 6

Removing the existing receiver unit

1

3

4

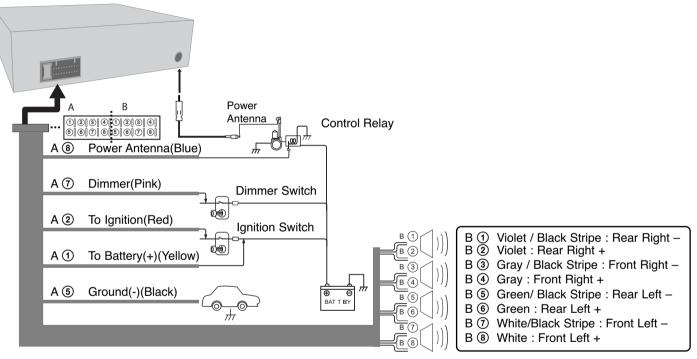

If there is already an installation sleeve for the receiver unit in the dashboard, it must be removed.

- Remove the rear support from the 1 unit.
- Remove the control panel and trim 2 ring from the unit.
- Insert the lever **A** into the hole on 3 one side of the unit. Perform the same operation on the other side and pull the unit out from the mounting sleeve.

Connection

Before connecting, make sure that the ignition switch is set to OFF, and remove the battery \ominus terminal to avoid short circuits.

Basic Operation

	ON PLAYER
1. Turn the unit on.	Any Key
2. Select a source.	SRC
3. Adjust the volume.	Rotate PWR

Basic operation - more you can do

Mute

Press VOL/MUTE to cut the sound. To cancel it, press again.

Using the EQ

EQ is to increase or decrease the signal strength of audio frequencies. The function helps you to enjoy sound more plentifully. Press **EQ/XDSS+** repeatedly. The indicator lights up in the following order.

 $POP \rightarrow CLASSIC \rightarrow ROCK \rightarrow JAZZ \rightarrow VOCAL \rightarrow SALSA \rightarrow SAMBA \rightarrow REGGAE \rightarrow RUSSY \rightarrow USER1 \rightarrow USER2 \rightarrow Off (not displayed)$

🔍 Note

· When XDSS+ is set to "Off", you can adjust the EQ settings.

 You can adjust sound level to your preference. Once you select a USER mode and then adjust the sound level, it will be automatically stored for the currently selected USER mode. Refer to the "Adjusting the sound level" for USER 1/2 mode.

Adjusting the sound level

Press **SEL** repeatedly to select the mode you want to adjust from VOL(volume), BAL(left/right speaker), and FAD(front/rear speaker). To adjust sound quality, rotate **PWR**.

🔍 Note

When EQ and XDSS+ is set to "Off", you can also adjust the sound level (BAS(bass), MID(middle), TRB(treble)) settings.

XDSS+ (Extreme Dynamic Sound System)

Press and hold **EQ/XDSS+** . (XDSS+ : Improves the treble, bass sound.) To cancel it, press and hold it again.

Checking the clock

You can see the clock pressing DISP .

Setting the clock

When RDS CT information is not received and then you set CT on the setting menu to OFF, you can adjust the time by yourself. Refer to the page 11 for setting the CT(Clock Time) ON/OFF.

- 1 Press the DISP and then, press and hold it for more 1 second.
- 2 Press the ▶I+ to adjust the hour.
- 4 Press **DISP** again to finish the setting.

Listening to a CD	
	ON PLAYER
1. Insert a CD.	-
2. Adjust the volume.	Rotate PWR

Listening to a CD - more you can do

Pause or restart a CD

Press ▶II on the player during playback. Press this button again to resume play.

Search for a section within a track / file

- 1. During playback, press -I◀ / ►I+ on the player for longer than 1 second and then release.
- 2. Press $-I \triangleleft / \triangleright I +$ on the player again at the point you want.

Skip to another track / file

Press -I \triangleleft / \triangleright I+ on the player. To skip to previous track, press briefly -I \triangleleft within 3 seconds of playing time.

Intro scan

Press or press and hold **INT** on the player. Each files in the current selected folder (**INT**) or the first 10 seconds of each tracks/files (**INT**) on the disc are played. To cancel it, press the button again.

Repeat

Press or press and hold **RPT** on the player. The current selected tracks/files (**1 RPT**) or folder (**BRPT**) on the disc is played repeatedly. To cancel it, press the button again.

Shuffle

Press or press and hold **SHF** on the player. Each files in the current selected folder (**SHF**) or all of the tracks/files (**SHF**) on the disc is played randomly. Press **SHF** again to cancel it.

💐 Note

During random playback, if you press -I \blacktriangleleft , you won't go back to the previous track.

MP3/WMA Track -10 / +10

(If there is no folder or one folder.) During playback press V/PS to go back 10 tracks, or press N/AS to go forward 10 tracks.

MP3/WMA Folder UP/DOWN

(If there are more than two folders.) During playback, press V/PS to go back to the previous folder, or press N/AS to go forward to the next folder.

Checking information about your music

MP3/WMA files often come with tags. The tag gives the Title, Artist or Album. Press **DISP** two times to check a file/folder name, and three times to check ID3/WMA/CD TEXT during file playback. If there is no information, "NO TEXT" will be shown in the display window.

⋟ Note

- 🖿 : The icon is displayed during MP3/WMA playback.
- MP3/WMA Disc compatibility with this unit is limited as follows:
- 1. Sampling Frequency / 8 48kHz (MP3) 22.05 48kHz (WMA)
- 2. Bit rate / within 8 320kbps (include VBR) (MP3) 32 -320kbps (WMA)
- 3. CD-R/CD-RW file system should be "ISO 9660"
- 4. If you record MP3/WMA files using software which cannot create a FILE SYSTEM, for example "Direct-CD" etc., it will not be possible to playback MP3/WMA files. We recommend that you use "Easy-CD Creator" which creates an ISO9660 file system.

Customers should also note that permission is required in order to download MP3/WMA files and music from the Internet. Our company has no right to grant such permission. Permission should always be sought from the copyright owner.

Listening to the radio

	ON PLAYER
1. Select a source to tuner.	SRC
2. Select a band.	BAND

Connecting an Auxiliary Equipment

	ON PLAYER
1. Connect an auxiliary equip- ment to the AUX jack with line input cable.	-
2. Select a source to AUX.	SRC
3. Play the connected Auxiliary Equipment.	-
4. Adjust the volume.	Rotate PWR

Changing settings	
	ON PLAYER
1. Activates setting menu.	Press and hold
	MENU
2. Select one Item.	Press MENU
3. Select a source.	Rotate PWR
4. Finish the setting .	Press MENU

AF(Alternative frequency) ON / OFF

When the reception quality drops, the tuner automatically changes to another station in the network, broadcasting a better reception quality, using the PI and AF codes.

REG (Region) ON / OFF

REG ON : The unit switches to another station, within the same network, broadcasting the same program when the receiving signals from the current station become weak.

REG OFF : The unit switches to another station, within the same network when the receiving signals from the current station become weak. (This mode, the program may differ from the one currently received.)

TA(Traffic Announcement) ALARM / SEEK

TA ALARM : When the tuned station has no TP information for 5 seconds, a double beep sound is output.

TA SEEK : When the tuned station does not receive TP information for 5 seconds, the receiver retunes to the next station that has the TP information.

 PI (Programme Identification) SOUND / MUTE PI SOUND : If the sound of a station with different PI is heard intermittently, the receiver mutes the sound after 1 second.

PI MUTE : If the sound of a station with different PI is heard intermittently, the receiver mutes the sound right now.

C-T(Clock Time) ON/OFF

You can use the RDS CT information to update the time. When RDS CT information is not received and then you set CT to OFF, you can adjust the time by yourself. Refer to the page 8 for setting the clock.

AUX (Auxiliary) ON / OFF

It is possible to use auxiliary equipment with this unit. Activate the auxiliary setting when using auxiliary equipment connected to this unit.

• AUX (Auxiliary) 00dB / +6dB

Only when you set AUX to ON as switching sources, you can adjust the volume level of each source to prevent radical changes in volume. You can set to 0 dB or +6 dB. You may be surprised at a loud sound when you change the source from the external component to another source.

• DEMO OFF/ ON

You can change the initial indication on the display to information name (function name, EQ name, etc...) while listening to a source.

DIM(Dimmer) OFF / ON / AUTO

You can change the brightness of the display window during the power-on status. When you set DIMMER to AUTO, the dimmer operates according to the car dimmer setting.

• DIM L (Dimmer Level)

When you set DIM to ON/AUTO, you can adjust the dimmer level. (-2,-1,0,+1,+2)

A-EQ(Auto EQ) ON/OFF

AUTO EQ operates only in the music file supported with Genre in the device. When you set AUTO EQ to ON, POP, CLASSIC, ROCK, or JAZZ is automatically selected according to the music genre.

BEEP 2ND / ALL

BEEP 2ND : The beep is generated when a key is long pressed. (1 sec) BEEP ALL : The beep is generated when any key is pressed.
