Quick Guide

Connections to Your TV
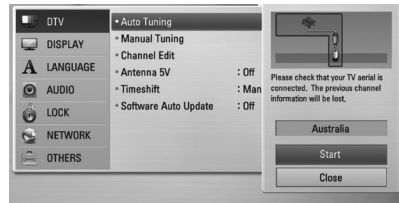

Antenna/HDMI Connection

A. Connect one end of the RF cable to ANTENNA OUT (TO TV) jack on the unit and other end to ANTENNA IN jack on your TV. Passes the signal from the ANTENNA IN jack to your TV/monitor.

Connect the Terrestrial TV antenna to the ANTENNA IN jack on the unit. If you want to use an indoor antenna, use one with a signal amplifier rated at 5V, 100mA and set [Antenna 5V] to [ON] in the setup menu.

B. Connect the HDMI jack on the unit to the HDMI jack on a HDMI compatible TV or monitor.

Terrestrial TV antenna

Auto Tuning

All available digital TV or radio programmes are searched for and stored automatically based on the selected country.

1. Press HOME.

2. Select [Setup] **-->** [DTV] **-->** [Auto Tuning] and press ENTER (◉).

3. Select [Start], and press ENTER (◉) to begin the channel search.

Manual Tuning
