MUSICflow HS7 SMART Hi-Fi AUDIO Wireless Multi-room Sound Bar

Model : LAS750M

ENGLISH | SIMPLE MANUAL (2 of 2)

To view the instructions of advanced features, visit <http://www.lg.com> and then download Owner's Manual. Some of the content in this manual may differ from your unit.

www.lg.com

Step 1 Before using "Music Flow Player" App

- ! The wireless router should be connected to the internet.
- ! Wireless signal interference may lead to disruption of network stability and playback.
- ! Depending on the speed of your network, playback of music services may not work well.
- ! You can switch the display to ON or OFF in [Settings] → [Speakers] → [Speaker LED] on App.

Step 2 Installing "Music Flow Player" App

Download "Music Flow Player" on the iTunes store or Google Play Store.

- A Type "Music Flow Player" in the search bar and tap "Search".
- B Scan the QR code using a scanning application.
- ! Depending on the device, "Music Flow Player" app may not work.
- ! Music Flow Player app will be available with versions of the software as follow; Android O/S : Ver 2.3.3 (or later) iOS O/S : Ver 5.1.1 (or later)

Step 3 Network Connection (Option 1 : Wired)

Using Music Flow Player app, select [Wired connection] and follow the on-screen instructions.

- ! If you restart the router, you will also need to reset the power of the speaker.
- ! If you install a new router, you will need to setup the network connection for the speaker.

Step 3 Network Connection (Option 2 : Wireless_Android)

Using Music Flow Player app, select [Wireless connection] and follow the on-screen instructions.

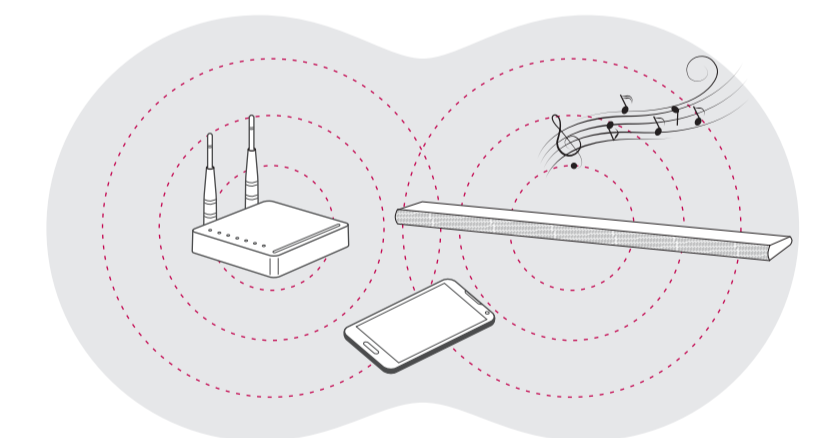

Step 3 Network Connection (Option 2 : Wireless_iOS)

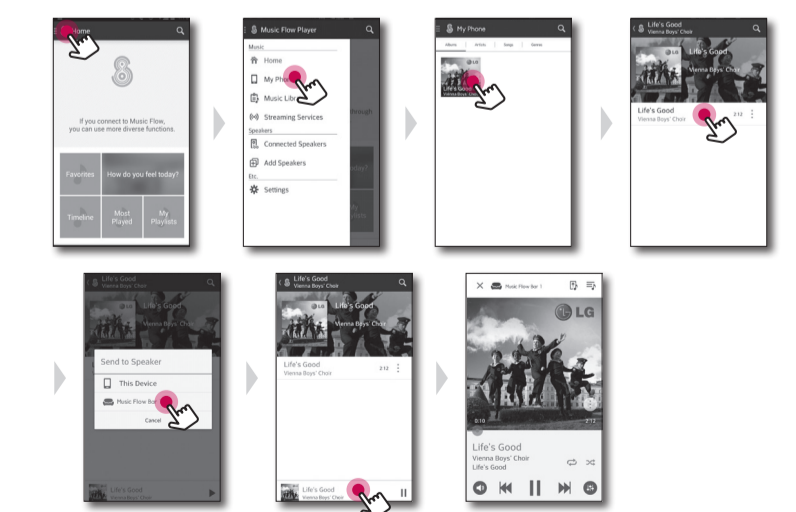

Using Music Flow Player app, select [Wireless connection] and follow the on-screen instructions.

Step 4 Music Playback

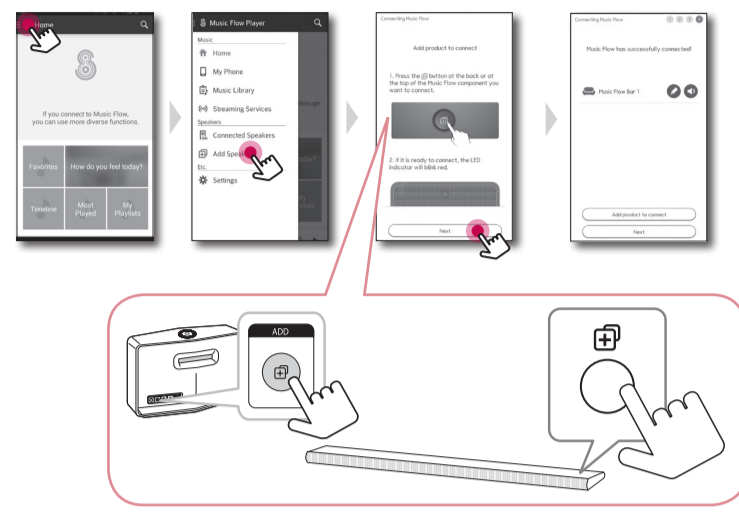

Playing a song on this device

Multiple sound playback

There are a number of differing ways of listening to sound : Grouping and Surround playbacks. To use this playbacks, you should have several LG SMART HI-FI AUDIO.

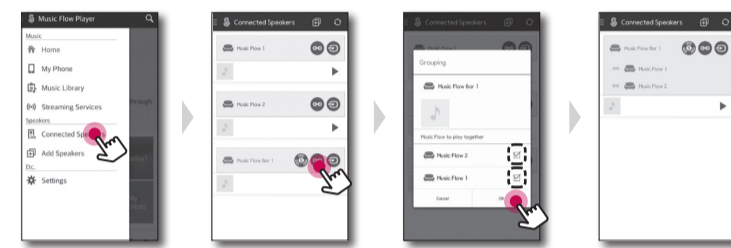

Before using the playbacks, you should add another LG SMART HI-FI AUDIO.

Grouping

Any number of speakers can be grouped together to play the same music in synchrony. On Music Flow Player app, select [Connected Speakers] and follow the directions on screen.

Surround

You can enjoy surround sound by adding another two speakers. On Music Flow Player app, select [Connected Speakers] and follow the directions on screen.

- ! When you enjoy the grouping or surround playback, we recommend at least one speaker should be connected by LAN cable.
- ! If the speakers are connected only wirelessly, disconnect all the wireless connections and reconnect them after connecting one wired.
- ! If the speakers are not grouped, you can enjoy different music on each speaker.
- ! For smooth playback, it is recommended to select the speaker connected by LAN cable as a master speaker.
- ! The weak signal because of the long distance between speakers or wireless router and signal interference may cause abnormal playback.

Reset this Sound Bar System

Initializing the network settings

Press and hold the button until you hear the beep sound once. Then all wireless network ports are deactivated and delete the stored wireless network information.

Factory Set

Press and hold the button until you hear the beep sound twice.
