1   Subwoofer Connection

Place the wireless subwoofer near the sound bar and follow steps below.

❶ Connect the power cord of wireless subwoofer to the outlet.

❷ Turn on the sound bar : The sound bar and wireless subwoofer will be **automatically** connected. The subwoofer's yellow - green LED turns on.

Subwoofer Connection Manually

❶ Reset the subwoofer If the yellow - green LED on the subwoofer blinks quickly, skip this step and go to ❷

- Press and hold **PAIRING** button for 5 seconds.
- The LED lights up alternately in red and yellow - green.
- Plug out the power cord. After the LED turns off completely, plug in the power cord again.

When the reset is completed, the subwoofer's yellow - green LED blinks quickly.

❷ Reset the sound bar
- Adjust volume to minimum until the red LED on the sound bar lights up for a while.
- Press and hold 🔇 (Mute) button on the remote control for 3 seconds.
- The red LED on the sound bar blinks quickly.
- Turn the sound bar's power off and on while the subwoofer's yellow - green LED blinks.

When the connection is completed, you can see the yellow - green LED on the subwoofer.

> ⚠
> Keep the sound bar and the subwoofer away from the device (ex. wireless router, microwave oven, etc.) over 1m to prevent wireless interference.
