Pen Tray (1 EA)

Model-Specific Accessories

Check your product box for the following items. If there are any missing accessories, contact the local dealer where you purchased your product. The illustrations in this manual may differ from the actual product and accessories.

KT-T650

M4 x L6 screws
(2 EA)

M3 x L6 screws
(14 EA)

Side Bracket (2 EA)

Bottom Bracket (1 EA)

Top Bracket (1 EA)

KT-T651

M4 x L6 screws
(2 EA)

M3 x L6 screws
(14 EA)

M3 x L8 screws (1 EA)

IR Bracket (1 EA)

Top Bracket (1 EA)

Side Bracket (2 EA)

Bottom Bracket (1 EA)

KT-T751

M4 x L6 screws
(20 EA)

M3 x L8 screws
(1 EA)

IR Bracket (1 EA)

Bottom Bracket (2 EA)

Top Bracket (2 EA)

Side Bracket (2 EA)

**CAUTION**

- Always use genuine components to ensure safety and product performance.
- The product warranty will not cover damage or injury caused by the use of counterfeit components.

**NOTE**

- The accessories provided with your product may vary depending on the model or region.
- Product specifications or contents in this manual may be changed without prior notice due to upgrade of product functions.

Safety Precautions

- If you are a professional installer, please read this manual carefully before installing the product.
- If you are a professional installer, please give this manual to the user after installation and ensure that the user also reads the manual carefully and retains it for future reference.
- After reading the manual, please keep it handy for future reference.

**WARNING**

- The product should be installed by a qualified professional specified by the retail store.
 - Product installation by non-qualified personnel is very dangerous and may cause personal injury.
- When moving or replacing the product after installation, contact a qualified installer specified by the retail store.
 - Installation or movement of the product must be carried out by a skilled professional. If an unqualified person moves or installs the product, it may cause safety risks.
- Do not hang the power cable and signal cable on the back of the monitor when mounting the monitor to the wall.
 - Damaged cables may result in fire, electric shock, or damage to the product.
 - Keep the monitor upright when mounting the monitor to the wall.
- The product should be installed where its weight can be fully supported.
 - If the product is installed on a weak surface, the product may fall, causing injury.
 - Check the maximum allowed weight of the wall mount (total weight is 75 kg).
- Do not hang on this product. Protect it from severe impact after installation.
 - The product may fall and cause injury.
- Models attached to the Multi-touch Overlay Kit cannot be installed on stands.
 - The product may fall.

Portrait Layout

When installing in a portrait layout, rotate the monitor counterclockwise 90 degrees (when facing the screen).

NOTE

- The pen tray can only be used in the landscape position.
- Applicable models for portrait installation : KT-T651, KT-T751

Assembly Instructions

- The picture may differ from the actual product.

! NOTE

- Before installing the product, if there are any water drops or foreign materials on the inner/outer side of the glass, wipe them out with a soft cloth.
- While using the product, if there are any water drops or foreign materials on the inner/outer side of the glass, wipe them out with a soft cloth and install it again.
- Assemble the product in a clean, uncontaminated area to prevent dust or foreign material from entering it.

1 Place a soft cloth on the table and place the Multi-touch Overlay Kit over it as illustrated.

2 Remove the internal protective film using the handle at the upper right corner of the glass as illustrated.

- 3 Place the display product on the Multi-touch Overlay Kit as illustrated.

! NOTE

- For the KT-T751 model, place the display inside the guides as shown in the image.

4 Use the screws and the top bracket provided to make the product stationary.

Troubleshooting Guide

Touch does not work at all.

Problem	Action
Touch does not work at all.	<ul style="list-style-type: none">• Check the USB cable connection. - This may occur when the USB cable between PC and monitor is not connected. Check the USB cable and reconnect it.• Check your PC's power. - This may occur when the PC is powered off. Make sure that your PC's power cord is firmly plugged into a power outlet, then restart your PC.• Restart your PC. - Touch may not respond when the system is down due to an unstable network.• Check the signal cable connection. - If your PC and monitor are not connected with a signal cable, touch will not work. Check the signal cable connection.
The touch location does not match the touch coordinates.	<ul style="list-style-type: none">• Use the calibration function included in Windows to make any corrections.
When using multiple monitors, touching is applied to a monitor other than the one intended.	<ul style="list-style-type: none">• Set the product as the default monitor.
10 point multi-touch is not working.	<ul style="list-style-type: none">• Ensure that your OS supports multi-touch functionality.• Make sure your content supports 10 point multi-touch.- The software used (e.g., Flash Player, Paint, etc.) may not support 10 point multi-touch.• Restart the software (e.g. Flash Player, Paint, etc.).• Restart your PC.• If the gap between two touch points is 25 mm or less, touch errors may occur.• 10 point multi-touch support may be unstable on the edge of the touch screen.• Using the 10 point multi-touch screen to draw lines may cause partial breakage of the lines.
