Front Panel

- Power On /Off
- Selects Function
- Adjusts Volume

Rear Panel

- PORT.IN** Connect to a Portable device
- OPTICAL IN** Connect to an Optical device

1 Subwoofer Connection

Place the wireless subwoofer near the sound bar and follow steps below.

- 1 Connect the power cord of wireless subwoofer to the outlet.
- 2 Turn on the sound bar :
The sound bar and wireless subwoofer will be **automatically** connected. The subwoofer's yellow - green LED turns on.

Subwoofer Connection Manually

- 1 Reset the Subwoofer
If the yellow - green LED on the subwoofer blinks quickly, skip this step and go to 2
 - Press and hold **PAIRING** button for 5 seconds.
 - The LED lights up alternately in red and yellow - green.
 - Plug out the power cord. After the LED turns off completely, plug in the power cord again.

When the reset is completed, the subwoofer's yellow - green LED blinks quickly.

- 2 Reset the sound bar
 - Adjust volume to minimum until the red LED on the sound bar lights up for a while.
 - Press and hold (Mute) button on the remote control for 3 seconds.
 - The red LED on the sound bar blinks quickly.
 - Turn the sound bar's power off and on while the subwoofer's yellow - green LED blinks.

When the connection is completed, you can see the yellow - green LED on the subwoofer.

Keep the sound bar and the subwoofer away from the device (ex. wireless router, microwave oven, etc.) over 1m to prevent wireless interference.

2

TV Connection

- 1 Connect the sound bar to the TV using Optical cable.
- 2 Set up [External Speaker (Optical)] on your TV setting menu.
