Emptying dust tank	19
Cleaning dust tank	20
Cleaning air filter and motor safety filter	21
Cleaning exhaust filter	22
What to do if your vacuum cleaner does not work	23
What to do when suction performance decreases	23

IMPORTANT SAFETY INSTRUCTIONS

Read and follow all instructions before using your vacuum cleaner to prevent the risk of fire, electric shock, personal injury, or damage when using the vacuum cleaner. This guide do not cover all possible conditions that may occur. Always contact your service agent or manufacturer about problems that you do not understand. This appliance complies with the following EC Directives: -2006/95/EC Low Voltage Directive -2004/108/EC EMC Directive.

This is the safety alert symbol.

This symbol alerts you to potential hazards that can kill or hurt you and others.

All safety messages will follow the safety alert symbol and either the word "WARNING" or "CAUTION."

These words mean:

WARNING

This symbol will alert you to hazards or unsafe practices which could cause serious bodily harm or death.

CAUTION

This symbol will alert you to hazards or unsafe practices which could cause bodily injury or property damage.

WARNING

- **Do not plug in if control knob is not in OFF position.**
Personal injury or product damage could result.
- **Keep children away and beware of obstructions when rewinding the cord to prevent personal injury**
The cord moves rapidly when rewinding.
- **Disconnect electrical supply before servicing or cleaning the unit or when cleaner is not in use.**
Failure to do so could result in electrical shock or personal injury.
- **Do not use vacuum cleaner to pick up anything that is burning or smoking such as cigarettes, or hot ashes.**
Doing so could result in death, fire or electrical shock.
- **Do not vacuum flammable or explosive substances such as gasoline, benzene, thinners, propane (liquids or gases).**
The fumes from these substances can create a fire hazard or explosion. Doing so could result in death or personal injury.
- **Do not handle plug or vacuum cleaner with wet hands.**
Doing so could result in death or electrical shock.
- **Do not unplug by pulling on cord.**
Doing so could result in product damage or electrical shock. To unplug, grasp the plug, not the cord.
- **Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.**
Failure to do so could result in electrical shock or personal injury.
- **Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run vacuum cleaner over cord. Keep cord away from heated surfaces.**
Failure to do so could result in electrical shock or personal injury or fire or product damage.
- **The hose contains electrical wires. Do not use it if it is damaged, cut or punctured.**
Failure to do so could result in death, or electrical shock.
- **Do not allow to be used as toy. Close attention is necessary when used by or near children.**
Personal injury or product damage could result.
- **Do not use the vacuum cleaner if the power cord or plug is damaged or faulty.**
If the power cord is damaged, it must be replaced by an approved LG Electronics Service Agent to avoid a hazard.
- **Do not use vacuum cleaner if it has been under water.**
Personal injury or product damage could result. In these cases, contact LG Electronics Service Agent to avoid hazard.
- **Do not continue to vacuum if any parts appear missing or damaged.**
Personal injury or product damage could result. In these cases, contact LG Electronics Service Agent to avoid hazard.
- **Do not use an extension cord with this vacuum cleaner**
Fire hazard or product damage could result.
- **Using proper voltage.**
Using improper voltage may result in damage to the motor and possible injury to the user. Proper voltage is listed on the bottom of vacuum cleaner.
- **Turn off all controls before unplugging.**
Failure to do so could result in electrical shock or personal injury.
- **Do not change the plug in any way.**
Failure to do so could result in electrical shock or personal injury or product damage. Doing so result in death. If plug does not fit, contact a qualified electrician to install the proper outlet.
- **Repairs to electrical appliances may only be performed by qualified service engineers.**
Improper repairs may lead to serious hazards for the user.
- **Do not put fingers near the gear.**
Failure to do so could result in personal injury.

IMPORTANT SAFETY INSTRUCTIONS

CAUTION

- **Do not put any objects into openings.**
Failure to do so could result in product damage.
- **Do not use with any opening blocked: keep free of dust, lint, hair, and anything that may reduce air flow.**
Failure to do so could result in product damage.
- **Do not use vacuum cleaner without dust tank and/or filters in place.**
Failure to do so could result in product damage.
- **Always clean the dust bin after vacuuming carpet cleaners or fresheners, powders and fine dust.**
These products clog the filters, reduce airflow and can cause damage to the cleaner. Failure to clean the dust bin could cause permanent damage to the cleaner.
- **Do not use vacuum cleaner to pick up sharp hard objects, small toys, pins, paper clips, etc.**
They may damage the cleaner or dust bin.
- **Store the vacuum cleaner indoors.**
Put the vacuum cleaner away after use to prevent tripping over it.
- **This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.**
Children should be supervised to ensure that they do not play with the appliance.
- **Use only as described in this manual. Use only with LG recommended or approved attachments and accessories.**
Failure to do so could result in personal injury or product damage.
- **To avoid personal injury and to prevent the machine from falling when cleaning stairs, always place it at the bottom of stairs.**
Failure to do so could result in personal injury or product damage.
- **Use accessory nozzles in sofa mode.**
Failure to do so could result in product damage.
- **Don't grasp the tank handle when you are moving the vacuum cleaner.**
The vacuum cleaner's body may fall when separating tank and body. Personal injury or product damage could result. **You should grasp the carrier handle when you are moving the vacuum cleaner.**
- **If after emptying the dust tank the indicator light is on (red), clean the dust tank.**
Failure to do so could result in product damage.
- **Make sure the filters (exhaust filter and motor safety filter) are completely dry before replacing in the machine.**
Failure to do so could result in product damage.
- **Do not dry the filter in an oven or microwave.**
Failure to do so could result in fire hazard.
- **Do not dry the filter in a clothes dryer.**
Failure to do so could result in fire hazard.
- **Do not dry near an open flame.**
Failure to do so could result in fire hazard.
- **Only use parts produced or recommended by LG Electronics Service Agents.**
Failure to do so could result in product damage.
- **Do not push or pull the lever on the vacuum cleaner**
If the lever is damaged, the vacuum cleaner may not work properly and indicator light may flash red and alarm may sound although dust tank is not full. In this case, contact LG Electronics Service Agent.

<Do not push or pull the lever>

Thermal protector :

This vacuum cleaner has a special thermostat that protects the vacuum cleaner in case of motor overheating.
If the vacuum cleaner suddenly shuts off, turn off the switch and unplug the vacuum cleaner.
Check the vacuum cleaner for possible source of overheating such as a full dust tank, a blocked hose or clogged filter.
If these conditions are found, fix them and wait at least 30 minutes before attempting to use the vacuum cleaner.
After the 30 minute period, plug the vacuum cleaner back in and turn on the switch.
If the vacuum cleaner still does not run, contact a qualified electrician.

How to use Assembling vacuum cleaner

① All floor nozzle

Push the nozzle into the telescopic pipe.

② Telescopic pipe

- Push telescopic pipe firmly into hose handle.
- Grasp the spring latch to expand.
- Pull out the pipe to desired length.

③ Connecting the hose to the vacuum cleaner

Push the fitting pipe on the flexible hose into the attachment point on the vacuum cleaner. To remove the flexible hose from the vacuum cleaner, press the button situated on the fitting pipe, then pull the fitting pipe out of the vacuum cleaner.

How to use Operating vacuum cleaner

1 How to operate

- Pull out the power cord to the desired length and plug into the socket.
- Place the control knob of rear cover to the required position.
- To turn off, place control knob to OFF position.
- Press the cord reel button to rewind the power cord after use.

2 Alarm sound

- Alarm will sound when dust tank is full.
- After about 2 minutes vacuum cleaner will turn itself off and alarm will sound. Empty the dust tank and reuse the vacuum cleaner.

3 Park mode

- To store during vacuuming, for example to move a small piece of furniture or a rug, use park mode to support the flexible hose and nozzle.
 - Slide the hook on the nozzle into the slot on the side of vacuum cleaner.

4 Storage

- When you have switched off and unplugged the vacuum cleaner, press the cord reel button to automatically rewind the cord.
- You can store your vacuum cleaner in a vertical position by sliding the hook on the nozzle into the slot on the underside of the vacuum cleaner.

NOTICE

When alarm sounds :

1. Dust tank is full
 - ➡ Control knob to OFF position and empty dust tank
2. Power is on without dust tank
 - ➡ Control knob to OFF position and reattach dust tank
3. Rotating plate in the dust tank is restricted because of obstruction
 - ➡ Control knob to OFF position and remove obstruction

How to use Using All Floor nozzle and carpet and floor nozzle

1 All Floor nozzle (depend on model)

- **The 2 position nozzle**
This is equipped with a pedal which allows you to alter its position according to the type of floor to be cleaned.
- **Carpet or rug position**
Press the pedal (▲), then brush will rotate
- **Hard floor position**
Press the pedal (△), then brush will stop rotating

- Open the cover by pulling the hook.
- ↓
- Clean the hole and brush of the nozzle.

2 Carpet and floor nozzle (depend on model)

- **The 2 position nozzle**
This is equipped with a pedal which allows you to alter its position according to the type of floor to be cleaned.
- **Hard floor position** (tiles, parquet floors...)
Press on the pedal to lower the brush.
- **Carpet or rug position.**
Press on the pedal to lift the brush up.

How to use Using the Sani punch nozzle

Features

This nozzle picks up even dust inside through beating.
The bottom part can be separated to be cleaned.
Since the bottom does not stick to the surface, vacuuming is easy.

How to use

Follow the directions below for proper use.

Assembly

Connect the nozzle to the telescopic tube.

③ Sani punch nozzle (depending on model)

Set the suction power control switch to MAX POWER before vacuuming.
Depending on the type of bedding, handling may be awkward or it may cause a lot of noise.
If this is the case, adjust the suction power control switch to a lower setting.

This Sani Punch nozzle is for effective cleaning of beds and blankets to remove mites and dust.

Effective cleaning

When using on the bed

Lay out the blanket and vacuum it on the bed

When using on the floor

It is easier to clean a light blanket or sheet by pushing the nozzle in the direction of the arrow. To increase cleaning efficiency for light blankets, lay on top of a bulky blanket and then clean.

For simple cleaning of the vacuum nozzle, detach the Sani Punch nozzle from the telescopic tube and attach the crevice tool to vacuum dust.

Top

Bottom

Since the vibrator inside is composed of precision parts, never disassemble the body.
Be careful not to let foreign objects clog the air suction part on top of the vacuum nozzle.
Since removal of the punch bar may cause performance problems, do not warp or remove it.
Attach the bottom plate properly before using. Without this bottom plate, it may not function.

Since this vacuum nozzle has been made exclusively for cleaning beds, blankets and upholstery, use it only for these cleaning purposes.
(Using it to clean the floor may result soiling it or a drop in performance, do not use it for such purposes.)

Follow the instruction below for through washing.

(Do not soak the entire body of the vacuum nozzle in water, it may cause the vibrator to malfunction)

① Push the button 2-3 times when the dust is filled in the dustbin while cleaning

② When the dust is fully filled after cleaning, take the bin and turn it counterclockwise to disconnect

③ Waste the dust in the bin

④ Take the bin to fix into the projection part and then turn it clockwise to connect.

How to use Blower attachment

When using the function of fanning, removal of the exhaust filter and cover. and then, fix up the blower cover.

How to use Attach, operate/speed selection and storage

④

Connect hose to Blower in right direction, and don't rotate hose when you're using the Blower Function!

⑤

⑥

To remove blower cap make use of hose connected to cap, This is easy method.

Control knob

④ How to attach

⑤ Operate/Speed selection

⑥ Storage

How to use Using telescopic pipes

Using telescopic pipes

When clean the roof or some place where is too high , you can connect two Telescopic pipes together.

How to use Using accessory nozzles

Upholstery nozzle

Dusting brush

Crevice tool

1 Upholstery nozzle

Upholstery nozzle is for vacuuming upholstery, mattresses etc.

2 Dusting brush

Dusting brush is for vacuuming picture frames, furniture frames, books and other irregular surfaces.

3 Crevice tool

Crevice tool is for vacuuming in those normally hard-to-reach places such as reaching cobwebs or between the cushions of a sofa.

NOTICE

Use accessory in the "MIN" mode

How to use Emptying dust tank

The dust tank needs emptying when the alarm is sound.

- Turn off the vacuum cleaner and unplug it.
- Grasp the handle of the tank and then press the tank separation lever.
- Pull out the dust tank.
- Empty the tank and then assemble the dust tank as below

Assembling dust tank

First, place the bottom of dust tank on the vacuum cleaner and tilt.

NOTICE

- If suction power decreases after emptying dust tank, clean dust tank ➔ next page
- **Since dust tank is full, the alarm is sound for 2~3 minutes and suction power will decrease for a while, then vacuum cleaner will turn itself off.**

Moving the vacuum cleaner

- Don't grasp the tank handle when you are moving the vacuum cleaner. The vacuum cleaner's body may fall when separating tank and body. You should grasp the carrier handle when you are moving the vacuum cleaner.

How to use Cleaning dust tank

- Press tank separation lever and pull out dust tank.
- Raise dust tank cap
- Dry fully in shade so that moisture is entirely removed.

NOTICE

If suction power decreases after cleaning dust tank, clean air filter and motor safety filter. ➔ Next page

How to use Cleaning air filter and motor safety filter

If suction power is decreased after cleaning dust tank, clean air filter and motor safety filter. Air filter and motor safety filter are located at the back of vacuum cleaner in the above figure.

- Open the pre filter cover by pulling the pre filter cover lever and take out pre filter assembly
- Separate the parts
- Wash air filter and motor safety filter with water
- Do not wash filters with hot water.
- Dry fully in shade so that moisture is entirely removed.
- Air filter and motor safety filter should be cleaned in the above case.

NOTICE

If filters are damaged, do not use them.
In this cases, contact LG Electronics Service Agent.

How to use Cleaning exhaust filter

- The exhaust filter is a washable and reusable HEPA filter.
- To clean the exhaust filter, remove the exhaust filter cover on the body by rotating it counterclockwise.
- Separate the exhaust filter.
- Wash the filter cleanly in flowing water.
- Remove moisture.
- **When filter is washed, make sure not to wash green side of filter**
- Dry fully in shade so that moisture is entirely removed.
- The exhaust filter should be cleaned at least once a year.

Exhaust filter cover assembling

- Fit exhaust filter cover lugs to the grooves of vacuum cleaner body
- Join it to the body by rotating it clockwise.

What to do if your vacuum cleaner does not work

Check that the vacuum cleaner is plugged in correctly and that the electrical socket is working.

What to do when suction performance decreases

- Turn off the vacuum cleaner and unplug it.
- Check the telescopic pipe, flexible hose and cleaning tool for blockages or obstructions.
- Check that the dust tank is not full. Empty if necessary.
- Check that the exhaust filter is not clogged. Clean the exhaust filter if necessary.
- Check that the air filter is not clogged. Clean the air filter if necessary.

WARRANTY

This LG Vacuum Cleaner comes with 12 months warranty, from the date of purchase against defective material or workman ship subject to following terms & conditions. In case of a defect, LG Electronics India Limited undertakes to get the set repaired free of charge.

INSTRUCTIONS FOR THE CUSTOMER

1. This warranty card has 2 parts. Kindly ensure that the dealer fills all parts correctly.
2. Part A is the customer's copy. It should be retained by you for record.
3. Part B must be torn and mailed to the nearest LG ELECTRONICS BRANCH OFFICES listed in this booklet. If not, please tell the dealer to keep Part B for collection.
4. In the event of a defect developing in the product, contact the authorized LG Electronics Service Centre, for obtaining warranty service and inform him of the defect ,Model No. & S.No.

TERMS AND CONDITIONS

1. Repairs & Replacements will be carried out through authorized LG Electronics Service Centres.
2. For Units installed beyond the municipal limits of the jurisdiction of the authorize LG Electronics Service Centres, all expenses incurred in collecting the units or parts there of, as well as expenses incurred with deputizing of service personnel/technicians towards conveyance and other incidentals etc. will be borne by the customer.
3. Components subject to wear, such as carbon brushes and Plastic part &/or accessories are not covered by this Warranty.
4. While the company will make every effort to carry out repairs at the earliest, it however is made expressly clear that the company is under no obligation to do so in a specified period of time.
5. The company or its authorized LG Electronics Service Centres reserves the right to retain any part(s) or components replaced at its discretion, in the event of a defect being noticed in the equipment during the warranty period.
6. Warranty does not cover accessories external to the equipment supplied by the dealer.
