Safety Information

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK DO NOT REMOVE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

This lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

WARNING:

- To prevent fire or electric shock hazard, do not expose this product to rain or moisture.
- Do not install this equipment in a confined space such as a book case or similar unit.
- This unit contains magnets which can be harmful to some kind of object (Ex: Magnetic card, Pacemaker etc.).

CAUTION:

- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- The apparatus should not be exposed to water (dripping or splashing) and no objects filled with liquids, such as vases, should be placed on the apparatus.
- No naked flame sources, such as lighted candles, should be placed on the apparatus.
- To avoid fire or electric shock, do not open the

unit. Contact to qualified personnel only.

- Do not leave the unit in a place near the heating appliances or subject to direct sunlight, moisture, or mechanical shock.
- Install this apparatus in a location where the power plug can be easily unplugged and plugged in. If there is a fire or problem with this apparatus, unplug it quickly.
- To clean the unit, use only a soft, dry cloth. Do not use strong solvents such as alcohol, benzene, or thinner, as these might damage the surface of the unit.
- Do not leave the unit on an unstable place such as high shelves. It may fall down because of the vibration of the sound.
- Do not use high voltage products around this product. (ex. Electrical swatter) This product may malfunction due to electrical shock.
- For safety marking information including product identification and supply ratings, please refer to the main label on the bottom or the other surface of the product.

Symbols

	Refers to alternating current (AC).
	Refers to direct current (DC).
	Refers to class II equipment.
	Refers to stand-by.
	Refers to "ON" (power).
	Refers to dangerous voltage.

Disposal of your old appliance

1. This crossed-out wheeled bin symbol indicates that waste electrical and electronic products (WEEE) should be disposed of separately from the municipal waste stream.

2. Old electrical products can contain hazardous substances so correct disposal of your old appliance will help prevent potential negative consequences for the environment and human health. Your old appliance may contain reusable parts that could be used to repair other products, and other valuable materials that can be recycled to conserve limited resources.

3. You can take your appliance either to the shop where you purchased the product, or contact your local government waste office for details of your nearest authorised WEEE collection point. For the most up to date information for your country please see www.lg.com/global/recycling

Declaration of Conformity

Hereby, LG Electronics declares that the radio equipment type Wi-Fi SPEAKER is in compliance with the relevant statutory requirements. The full text of the UK declaration of conformity is available at the following internet address:

<http://www.lg.com/global/support/cedoc/cedoc#>
The use of the 5150 - 5350 MHz and 5945 - 6425 MHz band (if applicable) is restricted to indoor use only. This restriction exists in the United Kingdom (UK).

Wireless module (WC1NH25) Specifications	
Wireless LAN (IEEE 802.11a/b/g/n/ac/ax)	
Frequency range	Output power (Max.)
2400 to 2483.5 MHz	19 dBm
5150 to 5725 MHz	21 dBm
5725 to 5850 MHz	14 dBm
5945 to 6425 MHz	22 dBm
Bluetooth	
Frequency range	Output power (Max.)
2400 to 2483.5 MHz	9 dBm
As band channels can vary per country, the user cannot change or adjust the operating frequency. This product is configured for the regional frequency table. For consideration of the user, this device should be installed and operated with a minimum distance of 20 cm between the device and the body. Operation shall be limited to indoor use only.	

Declaration of Conformity

Hereby, LG Electronics declares that the radio equipment type Wi-Fi SPEAKER is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:

<http://www.lg.com/global/support/cedoc/cedoc#>
The use of the 5150 - 5350 MHz and 5945 - 6425 MHz band (if applicable) is restricted to indoor use only. POWER: This unit operates on a mains supply of 100 - 240 V ~ 50 / 60 Hz.

Wiring: This unit is supplied with a BS 1363 approved main plug. When replacing the fuse, always use a fuse of the same rating and approved to BS 1362. Never use this plug with the fuse cover omitted. To obtain a replacement fuse cover contact your dealer. If the type of plug supplied is not suitable for the mains sockets in your home, then the plug should be removed and a suitable type fitted. Please refer to the wiring instructions below.

Warning: A mains plug removed from the mains lead of this unit must be destroyed. A mains plug with bared wires is hazardous if inserted in a mains socket. Do not connect either wire to the earth pin, marked with the letter E or with the earth symbol $\perp$ or coloured green or green and yellow. If any other plug is fitted, use same rating of fuse in the plug.

Important: The wires in this mains lead are coloured in accordance with the following codes:

- **BLUE: NEUTRAL, BROWN: LIVE** - As the colours of the wires in the mains lead of this unit may not correspond with the coloured marking identifying the terminals in your plug, proceed as follows: The wire which is coloured blue must be connected to the terminal which is marked with the letter N or coloured black. The wire which is coloured brown must be connected to the terminal which is marked with the letter L or coloured red.

Open Source Software Notice Information

To obtain the source code that is contained in this product, under GPL, LGPL, MPL, and other open source licenses that have the obligation to disclose source code, and to access all referred license terms, copyright notices and other relevant documents, please visit <https://opensource.lge.com>. LG Electronics will also provide open source code to you on CD-ROM for a charge covering the cost of performing such distribution (such as the cost of media, shipping, and handling) upon email request to opensource@lge.com.

This offer is valid to anyone in receipt of this information for a period of three years after our last shipment of this product.

Specification

Power requirements

- Refer to the main label.

Power consumption

- Refer to the main label.

Dimensions (W x H x D):

M7: Approx. 177.0 mm x 238.3 mm x 177.0 mm

M5: Approx. 152.0 mm x 199.3 mm x 152.0 mm

Bus Power Supply (USB): 5 V $\equiv$ 500 mA (Type-C)

Amplifier (Total RMS Output power):

M7: 100 W RMS

M5: 60 W RMS

Operating Temperature: 5 °C to 40 °C

Operating Humidity: 5 % to 80 % RH
