ENGLISH

Connecting and Using the Speaker

- 1 Charge the speaker before using it by opening the rear cover and connecting the speaker to the charging adapter.

- 2 Connect the speaker to the PC via a USB cable

* If there is no audio output when the speaker and device (PS4/PS5/PC, etc.) are connected with a USB cable, turn off the UAC 2.0 option in the XBOOM App or PC App menu. The setting is applied when the speaker is turned off and then on.

- 1 Connect the speaker to the PC via a USB C-type cable.
- 2 Press the **Power**  button on the speaker to turn it on.

- 3 Press the **Function**  button on the speaker repeatedly until the Function LED turns white.

- ! If you are using a voice chat through integrated microphone or headset, press the **Microphone**  button.

- 3 Connect the speaker to the Game Console via an optical cable

- 1 Connect the speaker to the Game Console via an optical cable.

- 2 Press the **Power**  button on the speaker to turn it on.

- 3 Press the **Function**  button on the speaker repeatedly until the Function LED turns red.

- 4 Connect the speaker to a smartphone via Bluetooth

- 1 Press the **Power**  button on the speaker to turn it on.

- 2 Press the **Function**  button on the speaker repeatedly until the Function LED flashes blue.

- ③ Press the **Settings**  button on the smartphone and select **Bluetooth** . Turn on the Bluetooth function.

(Off  > On )

- ④ Find "LG-GP9 (XX)" on the device list on the smartphone and connect to it. Once the smartphone is connected via Bluetooth, the Function LED turns blue.

- ⑤ On the smartphone, play a music of your choice.

⑤ Connecting the LG XBOOM App

- ① Find **LG XBOOM** app on the **Google Play** or **App Store** and install it on your smartphone.
- ② Run the **LG XBOOM** app and use more features (EQ, Voice Chat, Setting etc.)
- ❗ For EQ of Headset mode, the sound effects button on the top of the product may be different depending on the product S/W version.

- After product S/W update, you can use the DTS Headphone: X or Custom EQ with the EQ button while the **Headset**  button is On. FPS or RTS cannot be selected in Headset mode.

Press and hold the **Headset**  button for 2 seconds to turn the front lighting on or off.

- ✦ For using a headset or earphones connect it to the  terminal.

- Design and specifications are subject to change without notice.
- For more information, download the online owner's manual. <http://www.lg.com>

Specification

Power Supply:

- 19 V $\equiv$ 2.1 A (AC Adapter)
- Built-in rechargeable battery

Power consumption

- Refer to the main label.

AC adapter

- Model : ADS-45SN-19-2 19040G
- Manufacturer : SHENZHEN HONOR ELECTRONIC CO.,LTD
- Input : 100 - 240 V ~ 50/60 Hz
- Output : 19 V $\equiv$ 2.1 A

Dimensions (W x H x D):

Approx. 376 mm x 86 mm x 108 mm

Operating Temperature: 5 °C to 35 °C

Operating Humidity: 5 % to 60 %

Attaching the ferrite core

Wind the headset's wire once around the ferrite core.

Safety Information

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK DO NOT REMOVE COVER (OR BACK) NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

This lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

WARNING:

- TO PREVENT FIRE OR ELECTRIC SHOCK HAZARD, DO NOT EXPOSE THIS PRODUCT TO RAIN OR MOISTURE.
- Do not install this equipment in a confined space such as a book case or similar unit.
- This unit contains magnets which can be harmful to some kind of object (Ex : Magnetic card, Pacemaker etc.).

CAUTION:

- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions. Slots and openings in the cabinet are provided for ventilation and to ensure reliable operation of the product and to protect it from over heating. The openings should never be blocked by placing the product on a bed, sofa, rug or other similar surface. This product shall not be placed in a built-in installation such as a bookcase or rack unless proper ventilation is provided or the manufacturer's instruction has been adhered to.
- The apparatus should not be exposed to water (dripping or splashing) and no objects filled with liquids, such as vases, should be placed on the apparatus.
- No naked flame sources, such as lighted candles, should be placed on the apparatus.
- To avoid fire or electric shock, do not open the unit: contact a qualified personnel only.
- Do not leave the unit in a place near the heating appliances or subject to direct sunlight, moisture, or mechanical shock.
- The Power Plug is the disconnecting device. In case of an emergency, the Power Plug must remain readily accessible.
- To clean the unit, use a soft, dry cloth. If the surfaces are extremely dirty, use a soft cloth lightly moistened with a mild detergent solution. Do not use strong solvents such as alcohol, benzine, or thinner, as these might damage the surface of the unit.
- Do not use volatile liquids such as insecticide spray near the unit. Wiping with strong pressure may damage the surface. Do not leave rubber or plastic products in contact with the unit for a long period of time.
- Do not place the unit over the vehicle's air bag. When the air bag deploys, it may result in injury. Before using in the car, fix the unit.
- Do not use the handsfree function during driving a car.

- Do not leave the unit on an unstable place such as high shelves. it may fall down because of the vibration of the sound.
- Do not use high voltage products around this product. (ex. Electrical swatter) This product may malfunction due to electrical shock.

CAUTION when using this product in environments of low humidity.

- It may cause static electricity in environments of low humidity.
- It is recommended to use this product after touching any metal object which conducts electricity.

NOTICE: For safety marking information including product identification and supply ratings, please refer to the main label on the bottom or the other surface of the product.

CAUTION: Only use the AC adapter supplied with this device. Do not use a power supply from another device or another manufacturer. Using any other power cable or power supply may cause damage to the device and void your warranty.

Symbols

	Refers to alternating current (AC).
	Refers to direct current (DC).
	Refers to class II equipment.
	Refers to stand-by.
	Refers to "ON" (power).
	Refers to dangerous voltage.

For models using a built-in battery

Do not store or transport at pressures lower than 11.6 kPa and at above 15,000 m altitude.

- replacement of a battery with an incorrect type that can defeat a safeguard (for example, in the case of some lithium battery types);
- disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion;
- leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas; and
- a battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.

For models using a battery

This device is equipped with a portable battery or accumulator.

CAUTION: Risk of fire or explosion if the battery is replaced by an incorrect type.

- The appliance is not intended for use by young children or infirm persons without supervision.
- Young Children should be supervised to ensure that they do not play with appliance.
- If the appliance is supplied from a cord extension set or an electrical portable outlet device, the cord extension set on electrical portable outlet device must be positioned so that it is not subject to splashing (of water or any form of liquid) or ingress of moisture.

RF Radiation Exposure Statement

This equipment shall be installed and used at a minimum distance of 20 cm from the human body.
