Precautions on handling a battery

- This unit has a built-in valve regulated lead-acid rechargeable battery. (12 V/7.0 Ah)
- Do not use the battery in a closed room or near fire.
- Charge the battery under the charging condition specified.
- If any corrosion of the terminals, leakage or deformation of the case of the battery is found, do not use the battery.
- If the battery leaks, while protecting your hands or clothing, remove the battery from the device and should be extremely careful not to infect the skin or eyes.
- If the battery leaks and the liquid inside spills on the skin or clothing, immediately wash it off with plenty of clean water. If the liquid splashes into eyes, immediately flush the eyes with plenty of clean water and consult a doctor.
- Avoid mixed usage of batteries differing in type, manufacturer or history of use.
- Do not throw the battery in fire nor heat the battery.
- Do not short of battery terminals.
- Do not attempt to disassemble, remodel or destroy the battery.
- Do not place the battery near a child.
- The battery can be replaced. If you need to charge your battery more and more frequently, it might be time to replace it. The battery should be serviced by LG Electronics customer care center.
- Charge fully before storing a battery which has not been in use for a long period and turn ON/OFF switch off (OFF). Store the battery in a cool, dry place.
- During storage of the battery, charge it at least once every three months. If the battery is stored for a long period without being charged, its battery life may be shortened.
- The used battery must be recycled or disposed of separately from household waste.

Declaration of Conformity

Hereby, LG Electronics declares that the radio equipment type

HIGH POWER SPEAKER SYSTEM is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:

<http://www.lg.com/global/support/cedoc/cedoc#>
